Obtain telephone numbers from the latest Telephone Directory.

If the name is not found in the directory ask the operator and note the number in the directory for future reference.

If the line you are calling is busy you will hear an instrument buzzing at regular intervals. This signal is known as the "Busy Back." Hang up and call later.

The space below is provided for your convenience in recording numbers called most frequently or new numbers not listed in the directory. Please do not list names or numbers from an old directory without first verifying their accuracy.

[illegible]

GENERAL INFORMATION

Changing telephone numbers is often unavoidable and we appreciate that it often results in some inconvenience to our customers. However, to meet the increasing demands for service it is sometimes necessary to make certain rearrangements in our equipment. Your co-operation in such adjustments is appreciated.

To arrange for the installation of new service please call at the Business Office where the proper application blanks will be provided for signature. If you wish telephone instruments moved from one location or address to another or service discontinued, please notify the Business Office, preferably sufficiently in advance so that the work may be performed at the time you require it done.

As all rates are service rates, a charge of \$2.00 will be made for the original wiring and installation of a telephone or the moving of a telephone from one location to another in the same premises. There will be no charge for the connection or installation of a telephone in a location wired for a phone, provided the number of such connections or transfer of services from one address to another does not exceed one per customer per calendar year. A charge of \$1.00 will be made for each additional connection or transfer.

It is our aim to give satisfaction at all times, but we realize that difficulties will sometimes occur despite our efforts to avoid them. Your co-operation in this regard is always highly appreciated.

For moving phones, directory listings, orders for service, bills, etc., call _____ 10

Specific instances of unsatisfactory service or troubles from defective equipment should be promptly reported to the Chief Operator.

The Directory is compiled in alphabetical order, containing a complete list of both residence and business customers.

The Utility cannot and does not assume any liability because of errors or omissions in compiling this book. Errors creep in despite the most exacting care. Please check your listing. If not correct, phone the Business Office so that it may be corrected in the next issue.

The Directories are the property of Ketchikan Public Utilities and are given to the subscriber. Old issues should be destroyed.

For each customer one listing is included in the alphabetical directory with-

KETCHIKAN PUBLIC UTILITIES

out charge. Customers may arrange for additional listings, under the regulations applying to such—which will be placed in the alphabetical directory.

For listings in the classified section or for other advertising, call the publisher of the Directory.

BILLS AND PAYMENTS

Bills for service are rendered at regular intervals and are due upon presentation. Payment should be made either by mail or in person at the Business Office. All payments should be accompanied by the bill stubs to permit proper identification. Information regarding bills, or of regulations, or of any additional service or rates may be obtained at the Business Office.

RATES

Copies of all rate schedules are on file at our Business Office and are open, during office hours, to public inspection upon request.

Terms—The rates are based on twelve months continuous service. Service for less than twelve months may be classed as temporary. For this service, special arrangements shall be made.

Discount—A cash discount of five per cent will be allowed on all bills, not specifically excluded, paid not later than ten days from date of statement, except that no discount will be allowed on bills of less than \$1.00.
