

Civilian Defense

Signals--

ONE LONG BLAST — ALERT — During night time this is also **BLACKOUT** signal. City fire siren — sawmill — canneries — and other whistles.

FOUR BLASTS — AIR RAID THREATENED. Series of four for several minutes by all available whistles.

ALL CLEAR — Short blast of City fire siren.

INSTRUCTIONS

ALERT

1. Civilian Defense Members get to their appointed stations whenever possible. Others be on the ALERT for further warnings.
2. Blackout your home, your office, your store, your car, and all other lights as quickly as possible, when the ALERT signal is given during the hours from dusk to dawn.
3. Keep your fire fighting equipment in good shape and handy for immediate use. Garden hose, fire extinguishers, water pumps, cans, shovel, pails of dry sand, rake and similar equipment. Fill bathtub, laundry tubs, wash boilers and similar containers with water for use in case water mains are damaged.

AIR RAID

1. We expect to have about fifteen minutes warning before planes appear. You are advised to proceed to your dispersal trail and stay out of sight in the timber until the ALL CLEAR signal is given. However, if a sudden attack starts with bombs falling, stay at home, seek the best shelter available. Stay away from windows and doors. Your air raid warden will be on the job; co-operate with him and follow his instructions.
2. Turn off all oil stoves and furnaces. Pull main switch at your electric meter.

DO NOT USE THE TELEPHONE first half-hour after signals except in extreme need. You might prevent some vital message from getting through.

KEEP COOL — The enemy wants you to run into the streets, create a mob, start a panic. **DON'T DO IT.**

LEARN the location of the nearest fire alarm box and the first aid stations in your community.

ATTEND your zone meetings on Civilian Defense, usually held every Tuesday night at 8 o'clock. Learn first aid.

IF you do not know your zone chief or air raid warden, inquire from your neighbor. You can learn the name of your zone chief by calling
