# Telephone Information

In order to assist us in giving prompt and efficient service our customers are requested to comply with the following regulations and suggestions:

Obtain telephone numbers from the latest Telephone Directory.

Do not ask the operator for names unless they are not shown in your directory. (When an operator is required to look up a name and number the service both to you and to others is delayed.)

If the name is not found in the directory ask for "Information" and note the number in the directory for future reference.

Speak directly into the mouthpiece of your telephone with your lips close to it.

If the line you are calling is busy you will hear an instrument buzzing at regular intervals. This signal is known as the "Busy Back." Hang up and call later.

On calls to party lines the "busy back" report does not necessarily mean that the particular telephone called is busy but that some telephone on that line is in use.

### General Information

#### NUMBER CHANGES

Changing telephone numbers is often unavoidable and we appreciate that it often results in some inconvenience to our customers. However, to meet the increasing demands for service it is sometimes necessary to make certain rearrangements in our equipment. Your co-operation in such adjustments is appreciated.

#### ORDERS FOR SERVICE

To arrange for the installation of new service please call at the Business Office where the proper application blanks will be provided for signature. If you wish telephone instruments moved from one location or address to another, or service discontinued, please notify the Business Office, preferably sufficiently in advance so that the work may be performed at the time you require it done.

#### INSTALLATION AND MOVING CHARGES

All rates are service rates and do not include any charge for labor or material for installing, moving or connecting of any telephone.

These charges are as follows:

For new installations there will be a minimum charge of .....	\$3.50
For connecting or installing a telephone where no house wiring or interior labor is required .....	1.00
For all interior moves from one location to another in the same premises, minimum charge .....	2.00
For exterior moves from one address or location to another where the premises are wired for telephone service, minimum .....	2.00

#### SERVICE CALLS

It is our aim to give satisfaction at all times, but we realize that difficulties will sometimes occur despite our efforts to avoid them. Your co-operation in this regard is always highly appreciated.

To report telephones out of order, call Main Office .....

For numbers not listed in Directory, call .....

The time will not be given by the telephone operators between 9 a.m. and 6 p.m.

Boat sailings and arrivals are not available and no information can be given.

For moving phones, directory listings, orders for service, bills, etc., call .....

For reporting "Lights Out" or similar trouble call phone "10" between the hours 8 a.m. to 5 p.m. At other times call Black 227. If the trouble is found on the customers premises a charge will be made for labor and materials.

Specific instances of unsatisfactory service or troubles from defective equipment should be promptly reported to the Chief Operator or the department superintendent.

### ERRORS IN DIRECTORY

The Utility cannot and does not assume any liability because of errors or omissions in compiling this book. Errors creep in despite the most exacting care. Please check your listing. If not correct, phone the Business Office so it may be corrected in the next issue.

### OWNERSHIP OF DIRECTORIES

The Directories are the property of Ketchikan Public Utilities and are given to the subscriber. Old issues should be destroyed.

### DIRECTORY LISTINGS

For each customer one listing is included in the alphabetical directory without charge. Customers may arrange for additional listings, under the regulations applying to such—which will be placed in the alphabetical directory.

For listings in the classified section or for other advertising, call \_\_\_\_\_ 10

### Bills and Payments

Bills for service are rendered at regular intervals and are due and payable within 15 days from their date, and if not so paid become delinquent. Upon failure of the customer to pay his bill on or before the delinquent date, he shall be deemed in default. The right is reserved to refuse service to anyone who is indebted to the Utility. Payment should be made either by mail or in person at the Business Office. All payments should be accompanied by the bill stubs to permit proper identification. Information regarding bills, or of regulations, or of any additional service or rates may be obtained at the Business Office.

### Service Requirements

The customer shall obtain and grant all necessary permission to enable the Utility to install the service and perform its contract. All wiring, entrance switches and cabinets shall be of approved design and shall have been inspected and passed by the local Electrical Inspector or a representative of the Utility. The Utility shall have the right, through its agent or authorized employee to enter upon the premises of the customer at all reasonable times for the purpose of inspecting, repairing or removing any and/or all of the equipment, appliances and wiring of the Utility.

### Use of Instruments

The Utility will at all times endeavor to install and maintain its equipment in good operating condition, and the user is requested to observe due care in the use of same.

The moving, adjusting, painting, and/or otherwise marking any of the property of the Utility is forbidden. Any damage to receivers, transmitters, cords and/or any other part of any instrument through use, abuse, and/or accident will be billed the customer at the cost of such repairs.

Ordinary conversations are limited to five minutes and the right is reserved, in emergencies, to interrupt or discontinue any use exceeding that time.

### Rates

Copies of all rate schedules are on file at our Business Office and are open, during office hours, to public inspection upon request.

**Terms**—The rates are based on twelve months continuous service. No service will be accepted for less than three (3) months except as provided in schedule D. The rates charged in this schedule may be obtained at the office.
