Telephone

In order to assist us in giving our customers better service, our customers are requested to come to our suggestions:

Obtain telephone numbers

CALL BY NUMBER ONLY.

a name and number the service

If the name is not found in the directory, note the number in the directory.

Speak directly into the mouthpiece or your telephone with your lips close to it.

If the line you are calling is busy you will hear an instrument buzzing at regular intervals. This signal is known as the "Busy Back." Hang up and call later.

On calls to party lines the "busy back" report does not necessarily mean that the particular telephone called is busy but that some telephone on that line is in use.

LIMIT CALLS TO THREE MINUTES.

ORDERS FOR SERVICE

To arrange for the installation of new service please call at the Business Office where the proper application blanks will be provided for signature. If you wish telephone instruments moved from one location or address to another, or service discontinued, please notify the Business Office, preferably sufficiently in advance so that the work may be performed at the time you require it done.

NUMBER CHANGES

Changing telephone numbers is often unavoidable and we appreciate that it often results in some inconvenience to our customers. However, to meet the increasing demands for service it is sometimes necessary to make certain rearrangements in our equipment. Your co-operation in such adjustments is appreciated.

INSTALLATION AND MOVING CHARGES

All rates are service rates and do not include any charge for labor or material for installing, moving or connecting of any telephone.

These charges are as follows:

For new installations there will be a minimum charge of \$3.50
