GENERAL INFORMATION

All monthly bills for services rendered and minimum charges are due and payable within 20 days from their date, and if not so paid, become delinquent. Upon failure of the customer to pay his bill on or before the delinquent date he shall be deemed in default, and a penalty of 5% will be added and the service may be discontinued without notice. The right is reserved to refuse service to anyone who is indebted to the Utilities. Failure to receive mail will not be recognized as a valid excuse for failure to pay bills when due. Payment should be made either by mail or in person at the Business Office. All payments should be accompanied by the bill stubs to permit proper identification. Information regarding bills, or of regulations, or of any additional service or rates may be obtained at the Business Office.

SERVICE REQUIREMENTS

The customer shall obtain and grant all necessary permission to enable the Utility to install the service and perform its contract. All wiring, entrance switches and cabinets shall be of approved design and shall have been inspected and passed by the local Electrical Inspector or a representative of the Utility. The Utility shall have the right, through its agent or authorized employee to enter upon the premises of the customer at all reasonable times for the purpose of inspecting, repairing or removing any and/or all of the equipment, appliances and wiring of the Utility.

TROUBLE CALLS

For reporting "Lights Out" or similar trouble Dial 3191 between the hours 8:00 a.m. to 5:00 p.m. At other times Dial 3159. If the trouble is found on the customer's premises a charge will be made for labor and materials.

Specific instances of unsatisfactory service or troubles from defective equipment should be promptly reported to the Main Office or the Department Superintendent or the Chief Operator.

RESALE OF SERVICE

Unless otherwise provided by contract, the customer shall not resell the electric energy, water, or telephone service furnished under this tariff for use on the premises occupied by the customer ordering such service.

TAX ADDITIONS

All service bills are subject to proportional increases to compensate for any gross revenue, kilowatt hour or other form of tax imposed by any municipal, territorial or federal taxing body.

DEPOSITS

At the time of making an application for service a deposit may be required which shall not be less than \$10.00 for residential service, or \$20.00 for commercial service, or an amount not less than the sum of the two highest estimated monthly bills during a twelve month period, whichever amount is greater.

SPACE HEATING

Electric Energy for Space or House heating is not available. Applications for such service will not be approved.

RATES

Copies of all rate schedules are on file at our Business Office and are open, during office hours, to public inspection upon request.

TELEPHONE INFORMATION

In order to assist us in giving prompt and efficient service our customers are requested to comply with the following regulations and suggestions:

Obtain telephone numbers from the latest Telephone Directory. If the name is not found in the directory Dial 8, "Information" and note the number in the directory for future reference. **CALL BY NUMBER ONLY.**

If the line you are calling is busy you will hear an instrument buzzing at regular intervals. This signal is known as the "Busy Signal." Hang up and call later.

On calls to party lines the "Busy Signal" report does not necessarily mean that the particular telephone called is busy but that some telephone on that line is in use.

LIMIT CALLS TO THREE MINUTES. Speak directly into the mouthpiece of your telephone with your lips close to it.

HOW TO USE THE DIAL TELEPHONE

1. OBTAIN THE CORRECT TELEPHONE NUMBER.

Secure the correct telephone number from the current issue of the telephone directory. If the party you desire is not listed Dial "8" for Information. She will give you

the correct number. Write this number and any others frequently called, in the "Frequently Called Number" space provided in the directory.

2. REMOVE THE HANDSET FROM ITS CRADLE, AND LISTEN FOR THE DIAL TONE.

If another party is using the line replace the handset and wait a reasonable time before attempting again to make your call. The Dial Tone is a continuous humming sound which indicates that the equipment is ready to receive your call. **DO NOT START TO DIAL** until you have heard the DIAL TONE. Begin dialing right after hearing the Dial Tone.

3. WHAT TO DIAL

Dial each figure of the number as shown in the directory and in the same order as they are printed.

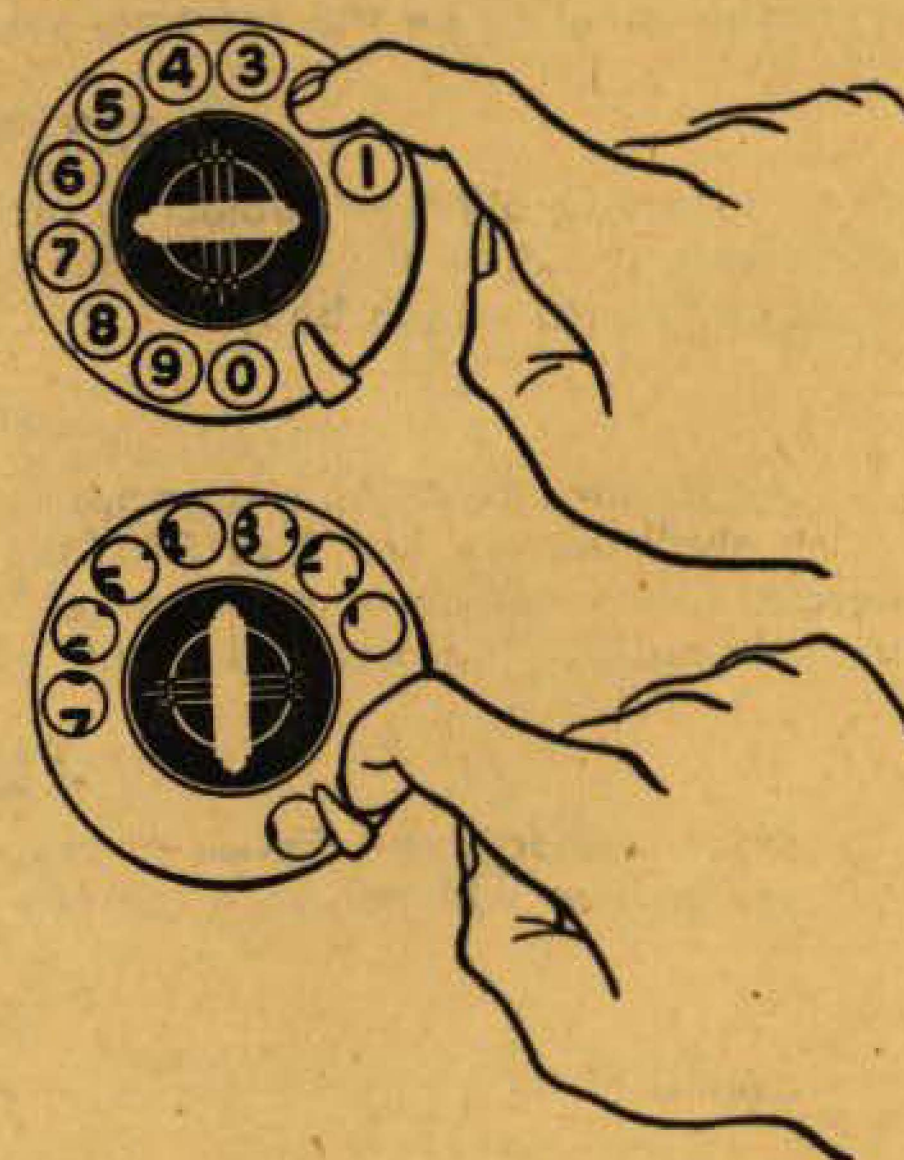

4. HOW TO DIAL

1. Place your index finger in the dial opening through which that figure appears.
2. Pull the dial around to the right until your finger strikes the stop.

3. Remove your finger and allow the dial to return *freely* to its original position.

4. Then proceed in the same manner to dial each of the remaining figures of the number in the exact order in which they appear. Allow the dial to return to its normal position after each figure is dialed. If you make a mistake in dialing, hang up, and after a few moments start your call again after hearing the Dial Tone as before.

5. **THE RINGING TONE** is a slow intermittent "burring" sound which indicates that the bell of the called telephone is ringing. It will continue until the called party answers or you abandon the call and replace your handset in its cradle.

6. **THE BUSY SIGNAL** is a rapid buzzing tone, (buzz-buzz-buzz), which will be heard when the line of the party you have called is in use. When you hear this signal, hang up, and try again after a reasonable time.

7. To call another party on your line first Dial "9", then dial the complete number of the party you are calling as listed in your directory. After dialing you will hear the Busy Signal. Then hang up your receiver. The telephone of the party you are calling will then ring. Wait a few moments to give your party time to answer — then pick up your handset and start your conversation.

8. Keep your calls short and replace the handset as soon as the call is completed.

Orders for Service

To arrange for the installation of new service please call at the Business Office where the proper application blanks will be provided for signature. If you wish telephone instruments moved from one location or address to another, or service discontinued, please notify the Business Office, preferably sufficiently in advance so that the work may be performed at the time you require it done.

Installation and Move Charges

The approved rates do not include any charge for installation, connection, move or other change or addition in the facilities used to provide the services requested. These charges may be obtained at the Business Office.

Service Calls

It is our aim to give satisfaction at all times, but we realize that difficulties will sometimes occur despite our efforts to avoid them. Your co-operation in this regard is always highly appreciated.

To report telephone out of order, Dial 3191.

For numbers not listed in Directory, Dial 8.

For moving phones, directory listings, orders for service, bills, etc. Dial 3191.

Use of Instruments

The Utility will at all times endeavor to install and maintain its equipment in good operating condition, and the user is requested to observe due care in the use of same.

The moving, adjusting, painting, and/or otherwise marking any of the property of the Utility is forbidden. Any damage to receivers, transmitters, cords and/or any other part of any instrument through use, abuse, and/or accident will be billed the customer at the cost of such repairs.

Ordinary conversations are limited to three minutes and the right is reserved to interrupt or discontinue any use exceeding that time.

Errors in Directory

The Utility cannot and does not assume any liability because of errors or omissions in compiling this book. Errors creep in despite the most exacting care. Please check your listing. If not correct, phone the Business Office so it may be corrected in the next issue.

Ownership of Directories

The Directories are the property of Ketchikan Public Utilities and are given to the subscriber. Old issues should be destroyed.

Directory Listings

For each customer one listing is included in the alphabetical directory without charge. Customers may arrange for additional listings under the regulations applying to such — which will be placed in the alphabetical directory.

The installation of an Extension Telephone on any subscriber's line does not include the listing of an additional or different name than that of the original subscriber.

The listing of another person or business on a line or number assigned to the original subscriber will be billed \$1.00 per month for each additional line.

For listings in the classified section or for other advertising, dial the publisher 3157.

Long Distance Telephone Service

By terms of contract with the Alaska Communications System (A.C.S.) long distance telephone privileges are extended to local subscribers of the Ketchikan Public Utilities.

A.C.S. does the timing and makes the charge for all long distance calls. The rates are established by A.C.S. The toll tickets are delivered to the K.P.U. who sends you a bill. No additional charge is made by the K.P.U. for long distance service.

By terms of the contract, if your long distance bill is not paid within thirty (30) days of the date of the call, we are required

to discontinue your telephone service. (Local services as well as long distance privileges.) This is a strict regulation and there can be no exceptions. **FOR LONG DISTANCE DIAL 3111.**

Directory Accuracy

Every effort is made to compile and print this directory as accurately as possible. Despite this care and attention errors will occur. Neither the Ketchikan Public Utilities nor the publisher is liable for damage due to errors in the case of free listings. Liability in the case of paid listings is limited to the charge for such listings during the life of this directory.

A Shopping Service For Your Convenience

● WHEN you read an advertisement, do you know where to buy the goods? Look in the classified "Where to Buy It" pages of this telephone book, under the trademark name of the article.

Many nationally advertised products are now listed here, together with a list of local stores. A telephone call or a trip to the store brings you the goods in a hurry.

*Find where to buy it in your
Classified Telephone Directory*

DON'T KEEP IT A *Secret!*

*Tell the ready-to-buy people about the
products and services you sell.*

Advertise in the CLASSIFIED PAGES!

*Display the brand names of the products
you sell and repair. Make it easier for
people to buy from you.*
