The Record is Like Our Life ...

Far Left: Margie Porter,
Dana Rodgers;
Center: Ray Matia-
showski, George Pitt;
Near Left: Don Lough-
man, Julie Ludwig.

Each one's tune is different.
The opening bars may be similar,
but later take on totally different
melodies;
some at a faster tempo than others.

Top Left: George Pitt; Top Center: Ray Turek; Top Right: Mark Kirschenman;
Bottom Right: Cheryl Ecklund, Charlene Gibb, Paige Gregory, Margie Landis,
Cheryl Holum; Bottom Center: Eric Carlson; Bottom Left: Debbie Anderson,
Debbie Higgins.

Some may be warped.
Through careless use get scratched
or stuck, or just a little dusty.

Top Left: Kurt Carlson, Britty Ellis, Rod Lutz, Cheryl Holum; Top Center: Cheryl "Beaver" Holum; Right Center: Cheryl Ecklund; Far Right: Mark Lynne; Bottom: Oscar Johnson.

The tune is carefully rehearsed; or
improvised and free.
Some records, as people, may be
considered more popular than others.
But everyone is enjoyed and loved by
somebody.

Top Right: Sam Carlson, Carrie Gilbertson; Top Center: Cathy Struthers; Top Left: Evon Zerbetz; Bottom Right: Lynn Hoefer; Bottom Left: Paul Freer.

If an actual recording were made by the senior class, the results would be a fast moving, violently skipping, crazy record. All of us are now making our own record.

Many fine technicians, talented artists, both highly skilled and unskilled workers are all integral parts backing up the lead in the making of a record. In our own lives these positions are filled by our parents and teachers.

A studio is necessary to cut a record; a place to work, improve, improvise and practice. Kayhi is our recording studio.

What could a record be without a record player? Our record player is our future, it only plays the record. The unique beat, sound, tune and words revolve around each record.

With our four years at Kayhi over, we are indeed "new releases", out for the critics and audiences to see. The forks in the road have multiplied by this time. Whether the record makes the charts or fades out without catching on is totally up to the individual.

Jill Mayrene Burns
Oh, what a tangled web
we weave when first we
practice to deceive.

Center: Lisa Henry with other French club members on the cruise ship
"Renaissance".

Elias Medulla, our 1978 foreign exchange student, came all the way from Gakarola, Indonesia, a large city, with the staggering population of 6 million people.

Elias was required to know Dutch, German, and English to be eligible to be an exchange student. He says he likes Ketchikan and Kayhi because it is quieter and easier to study.

He was hosted by the Crost-ick family.

Kayhi Senior Kim Wilson in turn spent her school year as an exchange student in Switzerland. One of the highlights of Kim's winter was a 7 week vacation in the Swiss Alps.

Eric Carlson

The future is known when it comes, let it go till then.

Sam Carlson

All's well, the time's for playing, come's the hour without delay for laying (school) books down.

Connie L. Carlstrom

Yesterday's sorrows are today's triumphs.

Jennifer Stewart Carr

Vicki Kaye Chambers
Loves are feelings that need to be understood, not expressed—like life itself.

"We've Got Laughter, Pep, and Drive, '79 is Really ALIVE!" As "little freshmen" we chose this cheer for our class motto. Now, as upperclassmen, I can see that we really knew what we were talking about!

"Laughter", yes! As you stroll the halls, you can clearly see that we have laughter. We're a happy class and that's important.

"Pep!" I believe that Pep goes right alongside laughter. Everyone knows who we are, what we are, and where we are, because of the Pep we inevitably display.

"Drive!" I can honestly say that our class has always strived for the best—we won't and don't settle for less.

"'79 is Really ALIVE!" We show this in every way and in every chance that we get. This is the ideal combination of every quality it takes to distinguish our class from every other class in the past and the future. It takes everyone and every quality that one person has to offer to make a great class. We are the unmistakable, unforgettable CLASS OF '79!

Juniors Host Second Annual Halloween Dance.

Excitement was at a high at the Juniors' second Halloween costume dance held on October 29 following the girls' S.E. Volleyball championship game.

There was a marked increase in the number of students who participated in dressing up for the occasion. A mysterious flasher made a "bold" appearance, as well as Aunt Jemima, Ronald McDonald, a clown, a trio of pandas, a number of monsters and even Groucho Marx.

Judged by chaperones, prizes for "best costumes" were awarded to Senior Eric Carlson, dressed as an African pygmy, and Sophomore Lori Zwick dressed as medusa.

As well as being fun, the Junior class profited, raking in a total of \$300.

Angie McKinley Speaks Up for Students.

One of Kayhi's concerned Juniors, Angie McKinley represented the student body to the school board last fall.

Complaints and problems common in Kayhi this year: smoking in girls' bathroom, fireworks and smoke bombs in the halls and other such behavior she listed and presented to the board and public in attendance.

Angie's and others' courage and initiative in standing up to the problems caused an aware public to form a parents' grievance board.

These first steps were important in getting our high school turned around and back to progressive improvements.

Lady in Carousel.

Jennifer Graham played a leading role in the Rodger and Hammerstein musical *Carousel* put on by the Ketchikan High school actors.

She portrayed the part of Julie Jordan, a sweet, naive, respectable girl who worked in a mill. She liked her role which included two solos.

To win this part Jennifer auditioned for it for Mrs. Bruce Kayhi's chorus director. It was then narrowed to three girls, two of them seniors; Jennifer won over both.

Besides working until five Jennifer also had to practice every night which was hard work.

She also designed and made all her own costumes for her part.

I am a sophomore in 1977-78. I am just one of two hundred very special people of Kayhi's class of '80! Involvement describes my class. We certainly have those who refuse to participate and take on other roles but this does not impair us. It just gives our class diversity.

The sophomores show spirit by making the effort it seems to take to get Kayhi going. We have the largest membership in Pep Club by quite a large margin, and six out of the nine cheerleaders at Kayhi are sophomores. Nikie Mondich, Jill Rhodes and Denise Ames, varsity and Laura Hogan, Linda Neff and Bonnie Simpson, Jayvees. Proudly we back Kayhi's extracurricular activities, in many of which sophomores are involved. Kari Valentine, Kurt Carlsen, Lori Zwick, Dan Keta and Dana Horne led the Kayhi swim team to a State Championship. Volleyball girls were Dana Horne, Theresa Nebl and faithful manager, Tammy McJunkin. Don Laughman, Brett Pierce and superstar female, Dana Horne, ran cross country this year.

Our Kayhi music department wouldn't be #1 without us. Eight sophomores from the choruses and concert band were sent to Honor Music Festivals in Kenai and Petersburg.

Jody Gilbert, Margurite Auger, Laura Hogan, Julie Ludwick are great examples of the diversity of our class of '80. Each is an outstanding performer in theatre ballet.

Academics is no exception for the sophomores—just ask George Pitt!

Events of the year have included a sock-hop, talent "Gong" show, and amazingly acquiring—oh no!—the Stonehawker. I'd say our class has good reason to be confident and proud. With two years of good times behind us, the class of '80 is set to make its marks in the coming years.

for Stonehawker Award

After being fortunate enough not to receive the Stonehawker as freshmen, we, the class of 1980 have no longer been able to avoid this fate, the curse of the Stonehawker.

Before the 1976-1977 school year, tradition had it that the freshmen were always awarded the Stonehawker for having the least spirit and volume at pep assemblies. The 1977-78 year is the second year that sophomores have received the Stonehawker. Could this be the start of a new tradition?

Eight Sophomores Earn Places In

Eight sophomores involved in Kayhi's Music Department were selected to attend honor festivals in both Petersburg; S.E. and Kenai; State. Genny Morey, with extensive talent on the violin was the single sophomore chosen to play in Kenai's Honor Orchestra. George Pitt III playing first chair in trombone's section, Niki Mondich, Saree Gregory, and Carie Ranniger playing in the clarinet section, Jennifer Gore playing French-horn, Mark Lynn, Percussion and Tammy Taylor singing alto in the honor choir, took part in Petersburg's S.E. Honor Music Festival. The experience all of us shared was both valuable and a lot of fun!

In past years it has been a tradition at Kayhi to belittle and undermine the Freshman class. Admittedly, this year was no different, but I personally feel that my class has held up well during the torrent of Senior and Junior abuse. Not just several individuals' talents came out this year either. My class showed its leadership abilities in many fields ... a real achievement is the Student Council constitution drafted this year, and I'm proud to say that two Freshmen helped prepare it for ratification.

There were quite a few Freshmen involved in "Carousel", not only in the acting end of it, but several also helped with the set building and ticket selling. Most of the Drama Club members are Freshmen, and my class has also been active in music, Pep Club, King's Knights and Drill Team.

Academically the Freshmen have proven themselves as well—each quarter we have had many students on the Honor Roll. We have sold concessions at girls' and boys' basketball games and have had a couple dances. I believe I'm safe in saying that no upperclassman can break this kind of spirit.

We have been proud to be Freshmen, and are looking forward to our sophomore and succeeding years at Kayhi.

I am grateful to the staff and advisor of the Williwaw for the opportunity to record a message in this excellent publication.

Being raised in Ketchikan and going through the school system as a student and teacher has given me an opportunity to see the changes that have taken place at Kayhi in the past twenty years. I have watched the changes from the old customs and practices of my "old" high school at Main to the "new" high school here on the hill. These changes were made out of necessity to meet the demand and to insure progress.

I am extremely proud of my association with Kayhi. The outstanding education it offers to those who will strive to achieve and the fine activity and athletic programs that have increased from debate and basketball in my day to the wide variety of activities and sports now offered, all make our school unequalled anywhere.

You students who represent the future have a tremendous responsibility to become educated adults and preserve our way of living, a life style that is above any other that exists. Education can help all of us in dealing more effectively with those encounters we may face in life that would be difficult to hurdle otherwise. Obtain as much knowledge as can be absorbed and you will find a richer and fuller life ahead.

Little Joey Makes History in Mr. Pennington's Class

Every Friday, seconds before the bell rings, Mr. Pennington lets his pal, Little Joey come to class. Tales of Little Joey sometimes pertain to history, but more often are just plain for fun, followed by laughs or groans. In spite of the moans, the students do remember the jokes, and relay their favorites to friends at breaks:

One day in his history class, Little Joey was studying Laws. His teacher asked him, "Little Joey, could you tell us the difference between illegal and unlawful?" Little Joey thought for a minute, and replied, "Well, unlawful is something that's against the law, and illegal is a sick bird."

Miss Turek "Zips Up" Language Students

"Ziplock" lessons are a well known instructional tool used in Miss Turek's French and Spanish classes. The lessons came into existence as an extra help in keeping students fresh on their verb conjugations, vocabulary and the culture of the French or Spanish speaking countries.

The name "ziplock lessons" comes from the ziplock brand bags that the lessons are kept in. Most ziplock lessons are fun; games or puzzles.

Common errors made by students using ziplock lessons include failing to close the zipper, ripping the zipper accidentally, or failing to put the instruction card in the front.

Science Teacher Thinks Young

Physical science hasn't changed much in the past few years, at least Mr. Boyer makes one think so. When students begin to prepare for one of their almost daily experiments, Mr. Boyer can be heard to say "I remember this experiment, from my school days, just a couple of years ago."

But wait a minute here, how can this be? Mr. Boyer has been teaching at Kayhi for 17 years.

Five minutes before the bell rings for art class to end, Mr. Jimdars familiar voice calls out to the students "Begin to pack up", warning them that the bell will soon ring.

Mr. Jimdar has taught art at Kayhi for eight years. His art course begins with Art I; in this class, students work with the basics like color, and design, and experiment with many different types of media. This enables them to find their forte in art. In Art II and III, students are able to work with whatever medium they like best; the artists draw up a contract with the teacher each quarter on what they plan to create.

Supporting all of the school's organizations and athletic teams, the Pep Club successfully raised and spread spirit among the other students, as well as the faculty. With a very high enrollment of 150 members, the Pep Club was a major reason for the marked increase in the attendance of the students at school sporting events.

Led by president Loreli Chambers, the first junior Pep Club president ever, the pep boosters got the year in gear with high ideas and new projects including the two-mile penny race, involving the collection of 170,000 pennies which would be used to send the eligible members of the club to the Juneau basketball tournament. Showing their best early morning pep, dedicated members woke up early one Sunday morning to host a pancake feast. The male members of the club became more active, and made an attempt to restore B.R.A.'s. (Boys Rooting Association)

Huddled over notebooks and lists of names, Carla Jackson, Kathy Bolling and Robin Mickel had the job of finding hundreds of athletes and out-of-town visitors housing and transportation all throughout the year.

S.B.A. Revises Constitution

The Student Council started the year out well with \$375 made at a 4th of July booth during the summer. This money quickly disappeared, however, when the Student Council decided to send two members, Kim Jansen and Nell Moran, to Nome for the Fall Conference of the Alaska Association of Student Governments in October.

Having been three years since the constitution was last ratified, it was necessary to revise it this year. The process began in September, with the final process of voting on the amendments by the student body in February.

The second annual pumpkin carving contest was sponsored by the council during the Halloween season, with the senior class taking in over \$200 from the losing classes. The council was also responsible for the student phone in the hall.

It was a long and slow process, but for the handfuls of people that have made up the core of the French Club over the past four years, the goals for a successful school club have been brought about. The club is truly characteristic of Kayhi's many activities that offer "something for everyone."

It was the year of the peanuts and parking lots; untold conjectures concerning a trip to France; and a year of the Ray Turek presidency, and the decline of the Fair-Weather Friends party. Most of all, it was a year of fun, and rather than a termination of a year, it was the final chapter in a high-school generation of foreign language students having a good time.

Torch

Torch this year has sixteen members. These members are some of the busiest people within our school, yet, they do manage to devote some of their time to National Honor Society activities. Torch started working with the Special Olympics at the beginning of the year and a few members continued with it throughout the year.

Money-making projects, necessary for the installation of new members in the spring included a bake sale and a dance. Many quick after-school meetings were held, in which prospective ideas were discussed for new projects to make Torch an active group once again. In consideration were a "Reach for the Top" show, a health bar, a cook-off, and a "gorgeous legs" contest.

Quill and Scroll

Quill and Scroll is one of the nation's prestigious honor societies for the high school journalist. In order to become a member, one must be a junior or senior and be in the upper third of their class. They must also have done superior work in the writing, editing, or production of a school publication.

A ceremony was held in March, new members were inducted and an Executive Board formed. The latter a new facet in Quill and Scroll's government this year, comprises of four members. After the ceremony in which new members were installed, the club started work on a Literary Magazine similar to the one put out last year. This magazine consisted of a wide variety of creative writing and photos.

Kayhitems

Kayhitems, published monthly, is the official school newspaper. Being a well informed and organized paper, it was given the honor of being recognized as being in affiliation with the Northwest Regional Accreditation Association.

New this year was the quarterly rotation of the editors. This was done to give each student the feeling of pressure and responsibility of organizing and preparing a school newspaper.

The advisor, Mrs. Bullock, spent long hours after school to help the staff prepare the paper for the press and to meet deadlines.

Quick! Name off all fourteen King's Knights this year, if you can't do it, maybe it's because you see these enthusiastic workers at games all the time, but don't really recognize them. This is no accident. "Service Without Recognition" is their creed, and the high standard is one of the traditions laid down and kept over the years. A willingness to do hard work is another necessary trait possessed by all King's Knights. Besides guarding the gym floor against pop spills and unbarring the giant steel monster fence that divides the school, their tasks have grown over the years such as to include being responsible for lost kids, loose dogs and lost-ticket discrepancies. It has been a profitable year for all those included.

No matter what the score was, the varsity cheerleaders gave 100% in cheering-on all of the Kings: basketball players, wrestlers, as well as swimmers. The five girls, under advisor Suzy Johnson, had a super year for raising money. Sponsoring a dance, two raffles, a rummage sale, holding candy sales during the 4th of July, and three bake sales, enabled them to buy two new uniforms for each girl, and to take the squad on two trips to help cheer on the Kayhi Kings basketball team.

J. V.'s Support Every King

Providing the basis for a lot of pep and spirit, the junior-varsity cheerleaders rooted not only at the preliminary boys' basketball games, but also at the girls' volleyball tournament, track and swim meets, girls' basketball games and wrestling matches.

Activities such as cupcake sales at the elementary schools, bake sales, a school dance and raffles. The profits were used to finance their travel to out-of-town games.

Introducing the 1977-78 Drill Team! The girls completely wiped out any doubts that anybody might have had concerning this year's squad early in the year. With only one returning member, Lisa Henry, the team performed admirably.

One significant change was the return of the military marching style. The girls proved that they could do dance routines too, one of the most memorable being "Be true to your school", which was performed at an assembly just before our home game with Juneau.

Even after the difficulties of past years, Kayhi's Drill Team got it together and traveled to Juneau in February to participate in the S.E. competition.

People who have been watching, can clearly see that no matter how young, new or different, our Drill Team is always fun to watch.

Wrestlettes Travel Twice

In previous years the Wrestlettes took only one trip as a group. This year a major accomplishment for the girls, was to increase the number of trips to two.

Organized at the very beginning of the year, the Wrestlettes began to raise funds to make the trips possible; selling junk food at brunch, working at the school store, and selling Holly Hobbie Christmas candles during the holiday season. The efforts paid off, in January the group of girls accompanied the wrestling squad to Wrangell, and in February they travelled to the Petersburg meet.

Present at all home meets, the Wrestlettes performed their regular duties of running the wrestling matches; keeping score; running the clock, and providing oranges and dinners for the wrestling teams.

Lettermen

The lettermen of Kayhi stood this year as in the past, an energetic group of athletes. The club, comprised of both boys and girls possessing varsity letters in one or any of the many sports at Kayhi.

Indian Education

For what reason is it that man would deprive himself of happiness in discovering the roots from which he came? It was the over-all goal of the Indian Education program at Kayhi this year to explain the past of native Alaska and non-natives. This took place in many ways.

Individuals that started the class had as their assignment to write a profile on themselves, for the first time, a chance to examine themselves in light of their cultural heritage. Many students were fascinated to look at their life in retrospect, superimposed upon an ethnographic map.

This involved writing letters to elders within the various families, old manuscripts, Bibles, marriage records, death records, clippings, and even writing to institutions that do research on other people's family trees.

Lilliput

All things considered, it has been a good year for the Kingdom of Lilliput. Many of the late King Arthur's policies and edicts were swept away with the disastrous provisional government called the Regency and the Agency. However, Queen Margaret and Loyal followers regained the throne and Harvey Who abdicated. The Queen married Landislot. Prince Joel and Princess Marzettia were born, bred, and made the celebrities of court. Pope Bob died and the Queen's brother, Cardinal Ray took the papacy and instituted a short reign of terror. Many lost their heads, some, their positions.

One of the landmarks in Lilliputian history will certainly be its chartering as an official school organization by Emporer Charles of Kayhi. The Royal Council managed to keep the population of Lilliput increasing and by the end of the year, nearly half of the student body had joined in one way or another.

More scandalous Kingdom affairs include the mysterious Mother Meldred's lovers of Tingle Island, the Lady Dana's infamous tanzalizations, and our illustrious Ambassador Kenneth's bungling of four overseas missions.

Band

The Ketchikan High School Concert Band numbers seventy members. Most of these are upperclassmen, and many of them are also in the jazz ensemble, pep band and stage band.

The band travelled to Sitka this spring for the annual Southeast music festival, and they hope to make a tour of the Northwestern states again next year.

The Concert Band has been rated "first division" (superior) for excellence in performance in every festival they have attended during the last six years.

Eighteen band members represented our high school in the Southeast Alaska Honor Band in Petersburg. Another seven musicians were chosen from audition tapes for State Honor Choir, Band and Orchestra, held this year in Kenai. The Kayhi contingent was the largest selected for the Southeast groups.

Bands

Kayhi's "Stage Band I" of a year ago was given the new title of "Jazz Ensemble" this year. The group consists of mostly upperclassmen and they play very challenging music in the jazz, rock and "pop tune" categories. The Jazz Ensemble numbers 19 players, one on each part, and they have established an enviable music reputation throughout the state, and have been given top ratings in the festivals they have attended.

The Stage Band is in its second year. They perform in four jazz concerts each year and for other functions, such as sporting events. The group consists of band members from all grade levels, and many of these players will make up the Jazz Ensemble in succeeding years.

There are thirty-five musicians in the Kayhi Freshman Band. The group is heard in concerts throughout the year. The excellence of future concert bands is dependent upon the progress these people make during their freshman year.

Representing thirty of our high school's finest musicians, the Kayhi Pep Band performed at pep assemblies, basketball games, wrestling matches, and this year played for the State Championship Swimming Meet.

The thirty select spots are filled from among 50-60 musicians from the Concert Band and Freshman Band who audition, and the group practices twice a week from October until March. This year the Pep Band travelled to Juneau for the Southeast Basketball Tournament, and they played for the Southeast Wrestling Tournament here. The Pep Band is as much a contributing factor to creating spirit at athletic contests as are the pep club and the cheerleaders. The enthusiastic group played top contemporary hits, to which the saxophone section dipped and dived.

Choir

Kayhi's Concert Choir, under the direction of Christa Bruce, was benefited by a majority of senior vocalists. The 55 voice choir consists of 25 seniors, 18 juniors, 10 sophomores, and 7 freshmen.

Since Mrs. Bruce's arrival 3 years ago, the concert choir has been very busy. This year is certainly no exception! The year started off with a bang when Kayhi put on the musical production "Carousel". The entire choir was involved in some aspect of the production. After a few minor disasters, and many, many hours of rehearsal the show went on. It was a smashing success! Enough money was raised to pay for the many expenses and there was some money left over to pay for part of the music festival expenses. A lot of time was spent preparing for Southeast Alaska Music Festival held in Sitka in the spring of 1978. Not only did the choir have to prepare a concert for professional adjudicators, but they also had to raise enough money for the choir to travel to the festival.

Drama Club

A very active drama club consisting of fifteen members met regularly throughout the year. Under the advisorship of Mrs. Jenkinson, the club acknowledged International Women's Year by performing a simple melodrama with an independent heroine, for many classes. A command performance was requested by the School Board.

The major undertaking was a production of Mary Chase's "Harvey". The club also performed a radio play and many one-act plays.

Boys Rooting Association

Boys Rooting Association has been extremely active this year; getting out the megaphones and cheering at not only the basketball games, but at the swim meets and assemblies too. There were even two boys who became active yell leaders, cheering on the sidelines along with the girls.

Since B.R.A.'s have mostly seniors making up the roll, this year is one of the rowdiest yet. Loudest and proudest rooters in '78 however, were in fact sophomore Bobby Willyerd and junior Eddie Lucas, who were the yell leaders. B.R.A. is proud to be part of Kayhi's tradition of support for its fantastic athletic teams.

Spotlighting the fall season, was the musical production of Rodger and Hammerstein's "Carousel", by Kayhi's Music Department. Under the direction of Christa Bruce, the young actors and actresses gave a total of four performances, which successfully covered the expenses of over \$2000 that went into producing the play.

Taking place in the late 1800's on the New England coast, the players had to adopt the proper accent, as well as their role's characteristics. The leading ladies, Jennifer Graham and Leslie Johnson, played innocent mill girls named Julie and Carrie. The play centers around them and their marriages to Billy Bigelow, a flighty ex-carousel barker played by local actor Jack Shay, and Bill Freer as Enoch Snow.

A cast of forty appeared on stage, but involvement in the drama did not stop there. Behind the scenes, dozens of others got involved in other aspects of play producing. All together their total enthusiasm and devotion totalled up to be a smashing success.

Kept in suspense until the half time of the Juneau varsity game on January 17th, Dana Rogers, was chosen from five finalists to be homecoming queen. Escorted by Steve Ohlson, Dana accepted her crown, roses and place on the throne from last year's queen, Tracy Chapman. The homecoming celebrations were completed with a bonfire behind the school and the annual homecoming dance on the following Saturday night.

Bonnie Simpson plays waitress to the two thirsty girls who order water. In a hurry the girls leave their water behind, and strand the two teachers. Mr. Crockett, uneasy in the situation, upsets his water early in the game, and leaves Mr. Pennington to fend for himself. Mr. Pennington continues to places unknown, and in a final display of skill and dexterity, strains for the glass. He is successful in staying dry, but this does not hold true for the gym floor.

Top Center: Dave, Tracey, and Chris talk Mr. Dillenburg out of another five Madisons.

Working hard under the coaching of Don Dillenburg, the cross-country Kings did well during their short season. Every team member exceeded his original individual standings in both time and placement at each meet. Sophomore Dana Horne, the only female to turn out for cross-country, had an exceptionally good season. Having been her very first year in cross-country competition, Dana placed second in both the Juneau meet and the Sitka Southeastern meet. Highlighting the season was Clark Mondich, who in an outstanding performance, moved into the top ten out of eighty competitors in the Southeastern meet. As a team, the Kings placed 4th in the Southeast meet. Individual standings were: Clark Mondich-8th; Dave Williams-14th; Chris Dowling-15th; Tracey DeBruler-20th; Ed Lucas-22; Don Laufman-18th; and George Dukes-25th. Steve Ohlson who had previously placed 28th in the Juneau meet was unable to participate in the Southeast meet because of knee injuries.

Ortiz Rebuilds Volleyball Team

"Rebuilding" was the key word in the volleyball circle, as Sue Williams was the only girl back from the championship team of the past two years. A big setback too, was losing Diane Tobin and Mel Mears, two excellent players.

As expected, Sue led the team, and was picked later in the year for the All-tourney team. Carol Oliver, Darlene Jensen, Julie Vein, Dana Horne and Denise Gray rounded out the starters.

Coach Ortiz felt that they "started to jell just before the state tournament; and only displayed 'periodic professionalism'." They were not consistent, maintained Ortiz, and as a result lost to a very good Hoonah team. Hoonah captured third place in the State playoffs.

Far Left: Coach Ortiz gives a tension-packed groan, but manager Tami McJunkin keeps on smiling. Center: Kayhi's 1977-78 Volleyball girls from left to right: Carol Oliver, Darlene Jensen, Julie Vein, Theresa Nebl, Dana Horne, Sue Williams, Terri Randall, Niki Ott, Venus Rob, Kelli Murphy, Kitty Evens, Robin Foster, Manager Tami McJunkin, and Coach Dick Ortiz.

Everyone knew it was bound to happen. For several years, now, Coach Dick Ortiz has been producing good Girls' Basketball Teams, but in 1977-78 the talent exploded and Kayhi's girls won every game they played, finishing their regular season with 18 straight wins.

Favored to place first in the Southeast playoffs held in Petersburg on the 9th, 10th, and 11th of February, Ortiz was pleased and proud of this team's talents, pride and success. He felt he had many fine ballplayers who all worked together for a combined team effort that proved worthwhile time and time again. Much of the credit goes to the encouragement and top spirit of manager Tami McJunkin.

Swimmers Win Southeast and State

Kayhi has arrived. This was the first year that the Kayhi King swim team won all dual meets. The season's record was 9-0; by far the most significant being the victories at S.E. and State swimming and diving championships. Spectators viewed the finest performance in Kayhi's swimming history.

When a team faces all the tension and excitement of potential wins, however, there is bound to be misunderstanding. There was a division of loyalties, and individuals separated themselves from the team at one point. But they eventually overcame these difficulties, and as a team they came out on top. Coach Smithers has nothing but adulations for his swimmers.

Kings Take on New Coach

Varsity basketball did not have a success they would have liked. Their win-loss record at mid-season was 4-6, which rated them 4th in the Southeast standings. Perhaps the biggest problem with the Kings, was the inconsistency they showed on the court. They would usually play good basketball and stay even with the opposition for the first half of a game: but in the second half the opposition would put the game out of the reach of the Kings. Though the first half of the season was tough; the Kings looked forward to the Southeastern Basketball Tournament in Juneau. The Kings started to reach their peak during the second half of the season. As they progressed toward tournament, the Kings proved to be tough opponents against the #1 and #2 teams in the conference. It was before large crowds of spectators at home, that the Kings fell by small margins to the #1 Vikings and the #2 Bears. The Kings were led by Senior Co-Captains Jim Heisler, Jack Auger and Richard Alsup.

Junior Varsity

Compiling an 11-6 record the Junior Varsity basketball team proved to be tough competition, never losing a game by more than 9 points. The toughest game played by the team was against the rival Juneau-Douglas Bears. The Bears took the Kings four times with really close scores. Working very hard, the team was a real asset to the Kayhi Basketball program. Honors bestowed on the team were as follows: Top Rebounder, Tim Montgomery; Best Defense, Rich McAlpin; Most Hustle, Robert Rodriguez; Most Points, Tim Montgomery; and Most Improved, Brian Reno.

Freshmen Play Diverse Teams

Coached by Clark Cochran, the freshman basketball team was comprised of sixteen members. The program was designed to act as a feeder to the Kayhi varsity and junior squads. The main objective of this program is to grasp the fundamentals of basketball. The freshman team played a full slate of games, challenging such diverse teams as the Hydaburg varsity and the Schoenbar Knights. The highlight of the season was traveling to Juneau, to participate in an eight-team tournament made up of 8th, 9th and 10th graders. The freshman team also competed in Metro League which includes 13-16 year old players.

With Coach Dillenburg's strenuous drills and constant motivation, the twenty-four man team worked towards complete individual stamina and the perfection of moves. Each match, with vast improvement, brought the Kings a step closer to their goals at South Eastern Tournament, this year held in Ketchikan.

Funds earned selling chips at brunch-break enabled the Kings to travel south to Bremerton, Washington, where the squad suffered three losses out of four matches. Though exhibition play was a disappointment to the team, independent experience was gained, and this proved valuable during tournament matches.

Camera Club

Seen at many school events, with cameras hung around their necks, the camera club members devoted a lot of time, and sacrifice the fun of "joining in the fun" by standing in the shadows to document the activities.

Besides the taking of pictures for the yearbook, the members work on photo essays throughout the year, to practice trying new techniques in picture-taking and dark-room work.

The club was able to send some of its cameramen to the southeast basketball tournament in Juneau, to record the basketball games as well as the tournament fun.

Williwaw 78 rpm

The yearbook staff could be best described as a very busy group, in everything except the yearbook, however. Enrolled in the class were two members of the drill team, two wrestlers, a varsity cheerleader, two theater ballerinas and a basketball player. On top of this, ten of the staff held after-school jobs and four attended college part time. This can partially account for the first three major deadlines being late to the publishing company, putting the yearbook delivery date in extreme jeopardy of being late.

It was chosen as a theme, to consider our yearbook as a record, since the year of "78" coincided with the record speed of 78 rpm. Contemporary in style, many different ideas as well as a very large budget were incorporated in achieving this theme.

Top: Back row: DeAnn Bergh, Bridget Schroeder, Brenda White, Cindy Weisgram. Middle row: Jennifer Carr, Cheryl Ecklund, Paige Gregory, Nikie Mondich, Lynn Hoefer, Suzie L'Heureux, Carla Jackson. Front: Lorelei McLeod, Cheri Holum, Evon Zerbetz. Bottom: Co-Editors Evon Zerbetz and Julie LeMay take a minute to discuss the third late deadline.
