Class Act

Remember your freshman year? Were you lost or nervous about your first day of school? These mentors have worked very hard to make sure this year was enjoyable to the freshmen of '14! They've planned tirelessly and worked hard to have a safer environment for our freshmen. Give it up to our mentors and also Mr. Roberts. Without him, Class Act would not happen!

Thanks, Mr. Roberts!

Hungary, Mariabalom

"First, I really didn't expect that this trip could happen to me, so it was a big surprise! I REALLY didn't expect the salmon! There are so many! And the big stores, like Walmart! Here I can use iTunes or Xbox, etc. In Hungary, I can't because there is no support. The whole trip has been very good, new people, new place, and the most important: everybody has been different. This trip is a big gift; you can learn language, culture, but the biggest thing is how open your view on things become.

Plus, it's FUN. I haven't found one bad thing, everything is just amazing!"

*Balazs Rostas

Manta, Ecuador

"Honestly, I didn't expect anything before I went on this trip. They told us not to expect anything because you would only get your hopes up. When I got to Ecuador, I didn't expect anything, but what I found blew me away! A brand new way of looking at the world, hearing new languages, and unforgettable experiences are a few things I gained on my exchange. The trips we took were the best. I got to visit the Amazon Rainforest, and the Galapagos Islands. They were amazing. I got to learn new things about different places, people, and cultures. I strongly recommend it to everyone. It has changed me in so many good ways. I now have friends from all the world."

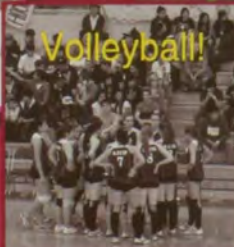

GO! FIGHT! WIN!
KINGS

As summer turned to autumn..

And the leaves began to fall..

Happy Fall Y'all!

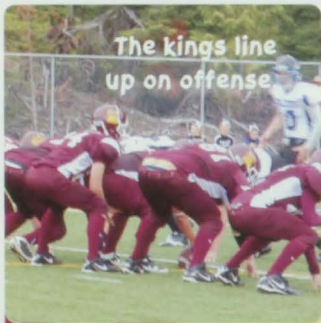

Starting off fall with mind-blowing school spirit gave Kayhi an amazing start to a truly incredible year!!! We had a season of crazy intense school events to kick off our year with an amazing fall concert, fantastic football and volleyball games, and wrestling matches that made your insides turn! We saw a senior walk-in where some of our favorite teachers had a dance off that will never be forgotten! It's no doubt Kayhi knows how to start a year off with a bang!

This year began with a successful pasta feed fundraiser and home meet with over 10 teams in attendance. An outstanding crowd of parents and community members lined the course at Ward Lake cheering everyone along. Following the home meet, the team achieved faster times, new personal records, and experienced memorable moments in Petersburg, Craig, and Juneau. Kayhi took 7 boys and 7 girls to South East Regionals in Sitka. The team performed beyond expectations and ran some of the fastest 5ks (3.1 miles) of their lives. Juniors Courtney Galloway and Shiree Sells finished the season by running the difficult course in Anchorage for the state meet, earning 72nd and 84th place out of 86 runners respectively. A jubilant and enjoyable end of the season party ensued after an encouraging season.

Pep assemblies are a battle of the classes, a pump up for the sports teams and a blast for the rest of the school. Even though somehow the seniors always win the competitions, every class knows they will have their chance to win some day.

It's our time to shine

Being the "Class of Change", the class of 2011 showed Kayhi how true seniors walk in. Breaking out into a flash mob to "Don't Stop Believing", the seniors showed off their dance moves. There was fun in teachers dancing and students taping their fellow classmates to the wall. We had a nice fun game of ninja and ended the assembly with pie to Coach Stock's face.

Senior Memories... Remember that one time?

A funny memory in high school is from freshman year in pre-culinary. It was the best class I've taken. One day after cleaning everything for lunch, the floor was particularly wet. Everyone knew the floor; how dangerous it could be. That day five of us fell and it didn't matter who it was you still got laughed at. I myself was carrying the napkins and slipped and they went everywhere, but my cool cat self jumped up and pretended like nothing happened. Pre-culinary will always be one of the best memories of high school.

max keizer

I remember during freshman year, Alex Jones, Tim Berry, Steven Perro, Justin Perro, Alex Karlson, Gunnar Keizer, Xavier Jones, and I were staying at my house. We decided that it would be fun to go play some ball tag. We started running around the wet grass of City Park, pummeling each other with a gigantic exercise ball. I was chasing Alex Jones and he fell in the wet grass and on to the concrete. His arm looked a little bent, so we tried to push it back into place. Alex went to the hospital in the morning. We had broken his arm in two places.

chas allen

note the awesome trig shirts...

"This one time in trig, Mrs. Whyte said something and Conor Fitzgerald thought she said, 'Who eats cats?' In reply, Conor said 'Obviously Asian people eat cats.' Upon hearing this, Anne Schuerger, (who had a mouthful of water) proceeded to violently spew liquids all over the table and the entire class focused on this big event. Trig is the best!"

"One of my favorite hs memories took place the weekend before my 18th birthday. Scotty, Caleb, and I met up at about eight at night at Wal-Mart and played ultimate hide and go seek in the clothing section. After being threatened that we would get kicked out we bought several extra strength "5 Hour Energy" shots and went outside, drank them bro-status and piled into Scottie's car, leaving mine at Wal-Mart. We mobbed down to the "DC" rapping the whole way and laughing. Upon arrival we piled out and began free-running and ended up on top of the jewelry stores. After coming down and having a goofy chat we proceeded to his car to leave. Scott had locked his keys in the car and forgotten the code to get in. It was hilarious at first but after an hour and a half it had lost it's amusement. Thankfully Deandra, Frannie, and Amy rescued us and gave us a ride to Scott's, where instead of retrieving his keys we watched an episode or two of Jersey Shore. Finally we rode back playing the silent game (which freaked Deandra out) only to tie with Frannie! Long story short, we got the cars home and then began the really goofy part. Scottie busied himself with a lego house, I was absorbed in Robin Hood and Caleb was dancing around in a huge coat, gloves and tiki mask. After his dance he proceeded to start climbing into the garbage can and then to fall down laughing and threatening to wet himself. After a long man-talk about how to treat women, we crashed at 4:15 am only to wake up at 8:30. All in all, one awesome day!"

School song

Cheerleading is a sport requiring spirit, strength, pride, dedication, and patience, words which were at the top of the minds of the Kayhi cheerleaders this season. With a new team and coach, this year's cheer team worked exceptionally hard, practicing up to six days a week preparing for the Region V tournament held in Juneau. This year's team dedicated their time conditioning, keeping up grades, tumbling, jumps, motions, stretching, and team bonding. Through all the pain and frustrations the team continued to smile and cheer!

The K-highlights Dance Team requires strength and dedication. The team does extreme conditioning that makes the whole team go aaah! They spend numerous hours perfecting all routines demonstrating their Kayhi pride and showing their school spirit. There's tons of fun on the dance team that not even a million words can express. They had young gentlemen who dance with them this year, a.k.a. prom dates. Their main goals are to have fun, practice hard, represent the school and make the community proud. GO TO JUNEAU! Pep Club is always there to cheer on the school whether it be sitting in the stands cheering at a basketball game, standing in the pouring rain screaming for the football team or quietly sitting in the auditorium listening to the band and choir. Pep Club is a way to show your school spirit. Through-out the year members participate in Spirit Week, Region Five Tournament, and the various Pep Assemblies. Being a part of Pep Club is possibly one of the most exciting things you can do while in high school.

It's fun! It's exciting! It's the event that all Kayhi fans look forward to: It's Clarke Cochrane Christmas Classic! This year eager Kings fans watched on as Kayhi's boys basketball team competed against seven teams: Philomath, Chugiak, Anacortes, Palm Springs, Metlakatla, Kenai, and Petersburg! With Palm Springs rising to first place,

"Waking up in the morning to wear cool vests and jazz it up at zero hour!" - Alec Pankow and Sy Hovik. Now that's some dedication! These students go to Ms. Cron's zero hour jazz class so they can have fun and play some cool and jive music at the Strka Jazz Fest, Region 5 Music Fest, Sam Picher Memorial Concert, and the Jerry Galley Concert.

Louise Bryant says, "When I'm performing, I like to look up at the balcony and see all the kids dancing. I also like that the band is more relaxed, and it's such a small group so we're a lot closer. The music is also a lot more fun to play and the band knows it well, so it makes it easier for us when we're up on stage."

You'd think nobody would want to go to a class at 7 A.M. but it seems to be an exception in Jazz Choir. Learning about jazz and the history of music is just a part of it. They've been through all the memories and concerts that they'll keep for the rest of their lives. It's not a question of how much you like the class, but of how fast the year will go by. It's a family of exceptional singers and even after graduation, they'll always be singing together in heart.

Journalism

THE CURRENT

Before this year, Kayhi hasn't produced a school newspaper since "KayhiItems" in the 1980s. The first edition of the year came out on November 8th. It included articles varying from sports, fashion, current news/events, music and movie reviews, and much more. It was a major hit with students and teachers all over the school, and even others in the community. Not only did the class create the school newspaper, but they also learned the practice of journalistic writing: they practiced writing in news, features, criticism, and opinion styles. Those who took the class left with a better understanding of how the journalism industry really works.

Stasha Southmayd & Brendan Stanton took 2nd place in Haines. Resolved: The American Tea Party movement is beneficial to American politics.

Jackson Landis & Ryker Dial took 2nd place in Sitka. Resolved: Allowing deep water offshore oil drilling is in the best interest of the United States.

Meets were held in Sitka, Haines, Wrangell, Ketchikan, Juneau and Anchorage

Above: DDFers build a puzzle before boarding the ferry home.

Above: The team holds up the world sign language symbol for love.

Above: Sullivan Barry and Nick Shatsev debate about morals, ethics, and life itself.

Left: Students work on their debate cases, have fun, and talk about any last minute changes to their speeches in the Sitka High School library.

Can you argue both sides of an issue at the flip of a coin, think on the spot, argue persuasively, remain calm under pressure, and deliver in front of an audience? Can you memorize and recite a speech or perform a dramatic interpretation? If so, then you could be in DDF!

National Honor Society is a way for students to show their leadership, service, and scholarship to the community. Each student that applies fills out an application and writes an essay that expresses these three areas within their lives. Based on these applications, previous members come up with an inauguration speech welcoming the new members into the society. While in NHS, members help with various tasks such as College Fair, Junior Night, and the Scholarship Assembly.

We are proud of you! Say we are proud of you! This year Kayhi's boys basketball played their hearts out! After fighting a good fight the Kings ultimately placed second just behind JDHS. Kayhi's girls basketball team also ranked second going up against the Juneau Bears, and came out on top over THMS!

Basketball Tournament

Courtesy of Ketchikan Public Library and Ketchikan Museums

The Cheerleaders really pumped up the crowd this year, keeping a smile on their face through it all. Although they did not take home the trophy, they had a great time and showed their school spirit.

The K-Highlights performed amazingly throughout the tournament. The theme of their routine this year was Africa and they rocked it! In the end they walked away with a rating of excellence.

Pep Band!

Pep Band was on fire this year, showing off the new drum line to all the teams. They helped pump up the crowd with their tunes, and also helped yell all the cheers with the cheerleaders.

The Pep Club was for sure the best in Southeast, helping cheer the teams on to victory. They came up with their own spirit days while there, including white out, pink day, tie dye, and of course camo.

"You're like the daughter I've

"Don was never afraid of anything. Kayhi will never forget him."
-Doug Edwards

Don was passionate about his science, teaching and recreational pursuits. He was a great thinker and able to look at and evaluate both sides of a topic objectively. At the same time, he had the greatest sense of humor and always kept things light in the science wing.
-Jay Obrien

When I remember Don, different stories come to mind: some very mundane like how he always beat me to the faculty office microwave at lunch, and how he double-wrapped his frozen meal in a paper towel. He had a big heart for his students and was a competent and colorful colleague to work with.
-Julie Landwehr

91 Growing up

92

93

Remember the old days?

You got creeped out by "Are You Afraid of the Dark?"

You know the Macarena by heart

KEENEN & KEL

"Talk to the hand" ... enough said

You always said, "Then why don't you marry it!"

You remember the computers with black screens and green letters.

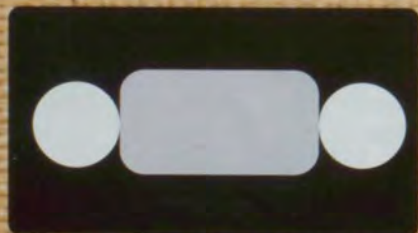

You owned a 'Bop-it

You had at least one GigaPet or Nano and brought it everywhere

You remember when the new Beanie Babies were
 always sold out

You used to watch Teenage Mutant Ninja Turtles

POKEMON

in the 1990s! 96

94

95

FURBIES

You used to end sentences with the word "PSYCHE!"

You can sing the rap to "The Fresh Prince Of Bel Air"

You know that "How Rude!" comes from Stephanie from "Full House"

You remember reading "Goosebumps"

You know the profound meaning of "Wax on, wax off"

You took plastic cartoon lunch boxes to school.

You remember the craze of slap bracelets

You still get the urge to say "NOT" after (almost) every sentence...Not....

You remember when rollerskating was cool

You've been injured on a Slip 'n' Slide

You remember when almost every guy owned a skateboard and the video game Tony Hawk

Scrunchies!

Mrs Mary Mack. Mack. Mack, all dressed in black, black, black...

You remember boom boxes vs. cd players

You knew what it meant to say "Care Bear Stare"

You remember New Kids on The Block when they were cool

2 Seniors 1

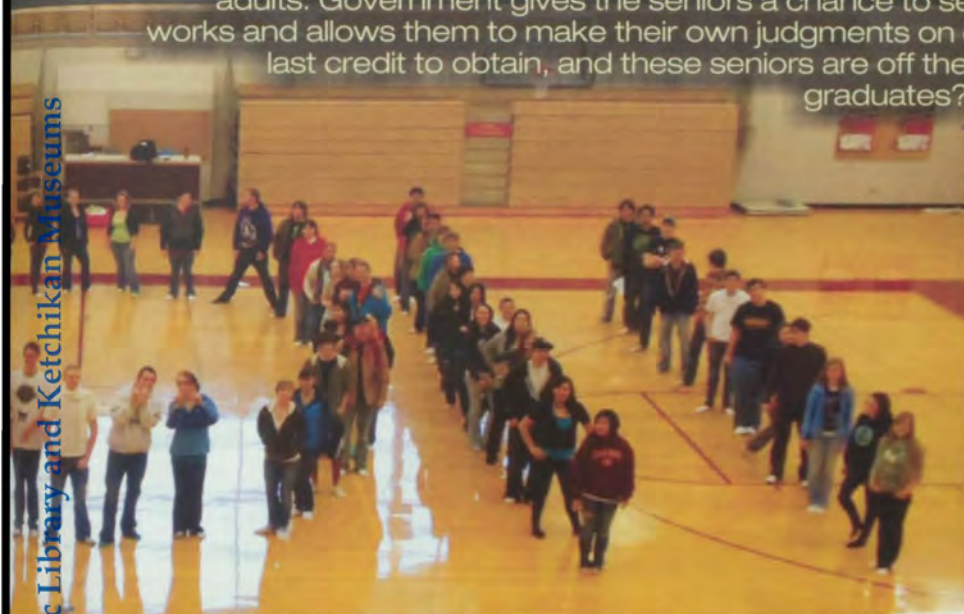

"The first class with class!"

American Government

American Government is a required class for all seniors to take in order to graduate. It gives the students knowledge about the Constitution and the rights they have which is crucial when moving onward with their lives as adults. Government gives the seniors a chance to see how the country works and allows them to make their own judgments on current issues. The last credit to obtain, and these seniors are off the hook! High school graduates? Gully as charged!

Fresh from spring break students' excitement built as the April-June season promised a blast of activities and a heavy case of end-of-the-year-itis! With softball, baseball, boys and girls soccer, prom, the paper toss, and graduation, the last few months of school were filled with memories to last through the decades!

Art! Close to one hundred teachers and artistic
students alike traveled to Petersburg for the 2011
Southeast Art Festival. Some even came from as far
away as New York! Artists come to the festival to
learn different techniques and to experience a
different creative environment than the one they
are used to. Taking two classes during the festival,
a total of fifteen hours of class, they ignite their
creative passion. The whole event takes four days,
with the last day being concluded with an art and
awards show. Kayhi took home six awards with
even Ms. Kern being awarded the Mills Award!
Congratulations to all who represented Kayhi at the
Arts Festival! What a blast!

"Music Fest was really enjoyable. I liked having everyone come to town and interact. It was so much busier having Music Fest in Ketchikan but it was well worth it." - Alexa Zelensky

After working so hard throughout the year, Band Director Ms. Cron and Choir Director Ms. Elliott once again made the Kayhi Music Department a how to remember. With Ketchikan as a host, every southeast town that came added to the excitement of performing in front of hundreds. Many things were offered including clinics like Rhythm through Dance, Oboe Techniques, Finding Your Core Voice, and Romantic Writing as well as exceptional adjudications from professionals. A big thanks to Richard Nace, Eric Hammer, and Charles Bruffy for the adjudications. Congratulations to the musicians for being so hospitable and talented! Kayhi should be proud for being represented like that! **Bravo!**

Lady Kings Soccer

Varsity Stats: 6 wins, 2 ties, and 5 losses

The Kayhi Lady Kings soccer team showed much improvement during the 2010-2011 season. The coaches Scott Brandt-Erichsen, David Mitchel, Neil Kinunen, and Staci Smith led the ladies to their first winning season ever in the Lady Kings history. On top of that, the girls scored more goals on the opposing teams than goals scored on them. This was a big turn around for the Kayhi girls soccer team. Overall, the girls had a wonderful and fun season full of success and improvement.

This year, our Kayhi lady kings softball team did very well. They traveled almost every weekend starting April 28th in Juneau playing against TMHS, JDHS, North Pole, and Sitka High in a 65-minute tourney. They went back to Juneau the following weekend playing Sitka and TMHS. They won all their games that weekend and then they went on to Sitka the next weekend along with TMHS, and Kodiak. The following weekend saw their only home games and their seniors had their last home games for softball. The next weekend they went to Sitka and made their way to state the next. They played hard all season. Their outcomes show their hardwork!

May 7-8 2011

This year KTB traveled to New York City once again where they took dance classes, walked around the city, and watched some incredible shows. Along with the traveling they put on two performances: Festival of the North and Spring Gala. Festival showcased the girls' abilities in all different styles of dance. Spring Gala had the theme of Disney and was the last performance for nine seniors in senior and junior company. It was a great year!

Anatol France once said, "To accomplish great things, we must not only act; not only plan, but also believe." The graduates of 2011 have completed their 4 years at Kayhi and are ready to go out into the world with their high school diplomas in hand. The commencement speaker this year was Angie Taggart; she raced in the 2011 Iditarod. Angie talked about how she pursued her dreams in racing in the Iditarod and finishing. Emilee Johnson, being the top of her class, was the Valedictorian, and Lucy Ortiz was the Salutatorian. Austin Kalkins did a fabulous job singing the song "Feelin' Good" by Anthony Newly and Leslie Bricusse. Great job class of 2011!
