Summer

Endless Summer

Courtesy of Ketchikan Public Library and Ketchikan Museums

This summer was very memorable

for Kayhi students. Jordan Moore went up north to Traver City, Mad-die Robinson did alot of inner tubing at Knudson Cove. Alex Pihl went to a summer basketball camp and went on the Kanayama trip with his class. Thomas Mann worked at Readymix all summer and went on a trip to Vegas. Jasmin Tinney visited Wash-ington all summer. Everyone got to do their own thing this summer and had a good time.

The Senior Float turned out to be a great success! The weather was absolutely horrible, but the Class of 2012 pulled through to make one of the best floats ever! The senior class won two awards for the float, which were most entertaining and most creative. We are the first class to ever get two awards, which is just one of the records we will break this year.

The theme of the float was, "Mayan

What was your favorite part about the senior float?

"My favorite part of the Senior Float was making the float before the 4th, because I was sick on the 4th of July!" Sonja Winter

"When my friends and I were getting ready for the float was for sure my favorite part, doing our make-up was really fun!" Amanda Youngberg

2012, end of the world". The majority of the class of 2012 dressed up with bright radiant colors to awaken the horrible summer day. Everyone looked like modern day Mayans, and the make-up looked excellent. On the top of the float there was a volcano that blew smoke out the top as though it was about to erupt. "The senior float was awesome! We were all so into it, and it was great!" says senior Geneva Peters.

Nikk Silva pretends to drive the truck as senior class president Amy Owings puts the finishing touches on the float before we venture across the town.

Senior Summer

"The world's not ending, we're just taking over!"

The last summer we will have with all of our best friends from high school, and of course the class of 2012 had a fantastic summer! From graduation of the class of 2011, until the beginning of our last first day of high school, some of us have traveled the world, such as the group of French students who went to France. Rique Hill spent the summer in Mexico and said, "There isn't one thing I would change. Going on a summer exchange to Mexico was the experience of a lifetime!"

Ketchikan Public Library and Ketchikan Museum

If this was the last summer of your life, would you have changed anything?

"I would have spent more time with my friends instead of working so much! Besides that I had a great summer!" - Brittany Thompson

"I definitely would have had less work, and more play. But I guess you have to have money to play!" - Gage Griscala

"I would have taken a trip to Europe, and traveled the world. Then taken a rocket to outer space, and built a house on the moon, and I would not have died on planet Earth!" - Nick Swiger

"The game we played that you had a sticky-note on the back of everyone, and they had to guess who they were!" - Nicole Emmert

CLASS ACT MENTORS

Class Act is to help orientate the new students, mainly freshmen, to the new environment. Class Act is made up of older, more experienced students who have had a year or more to adjust to a new school and place of learning.

Mentors are like guides to the new students, and even students who still aren't used to the school or the rules. Mentors act as a

sort of leaning post to freshmen, so they don't feel alone. And for those who are too shy to go to a teacher, they can seek out when they need help from other students around their own age.

"The point of mentors and class act is to help freshmen feel more comfortable in a new school, and to help them with the shift from middle school to high school." - Charlie Klein

Dacil Garcia is an exchange student from Chihuahua. She flew from Colorado to Seattle, and then from Seattle to Ketchikan. She is a senior in high school this year.

She says that her home town, which is smaller than even Ketchikan, is more comfortable, and has different air than here. She says that the greetings here are different, too. She feels homesick, and

misses her friends and family back home.

In Chihuahua there were seven classes at her school, now she has only six classes, and that there was no pottery or drama classes at her old school either.

Shopping is an activity that she misses being able to do. Dacil says that the cold is something she is used to, it being cold in Mexico, too.

Katrzyzna Kita

Katrzyzna Kita came from Poznań, Poland. This had been her first year in America and she says, "It's nice, but at first it was very scary." She stopped in Paris for a short time. "The flight to Paris was not scary, but the flight to Ketchikan was scary, because it became more scary."

Kat says that Poznań, Poland is a bigger city, and more populated than Ketchikan. She can speak German, Russian, and Latin. This past Halloween had been the first ever for her. At her old school Kat had 17 classes, and only had three years of high school instead of four!

LAUREN GATES

Lauren came back from student exchange in India where she was able to travel all over, and have "tons and tons of fun" with other exchange students from around the world. She was taught *marathi*, the fourth largest spoken

language spoken in India. Lauren took art and dance classes while on the exchange.

She says that compared to Ketchikan, "India is really humid, and hot, and kinda sticky in a weird way. India is just a diverse country, where you can find anything and everything. A really astonishing country!"

Seo Hee is a senior this year, originally from Seoul, Korea. Her friends call her Sophie for short. This last year has been her first year in the U.S. She loves her host family. She can speak Japanese and French.

Sophie is used to ten subjects instead of only six, each class being an hour and forty-five minutes long. She was originally going to be an exchange student in Texas but came here instead.

Kayhi Kings Football

"Mental toughness-thats what Coach Silva always told us."-Shiloh Mackey. The Kings did great as planned.They won three out of the six games they played, which is the best Ketchikan's football team has done in a long time. The boys were very pleased with the year, and were also proud to participate in Coach McClaren's last year coaching.

Serve's up!

What do you think about when you run Cross Country?

In the Long Run...

Cross Country is one of the only sports that doesn't need a referee or lots of equipment, just the will to work hard. The **Cross Country** team of 2011 had a great season! It started off with having a very productive race at Metlakatla where almost every runner received a personal best time (PR). This season they had a

lot of first-time senior runners such as Jack Dodson, who came out for the first time this year and was the team's top runner. There are a few runners to recognize as just over all improvers: Jacob Potts and Gwen Ranniger. They started the season strong and ended it just the same. Watch out for the up coming star

underclassmen Chris Lianos, Nick Whicker, and Alex Pihl. The season ended very strong with sending four runners to state and they all did great. They also held their annual pasta dinner which was a great success.

What is your favorite part about Cross Country?

"The best part of **cross country** is bonding with the coaches, Mr. Ortiz and Ms. Woodward. They are both just a rockin' time! And making memories, like Nikki's and Kassandra's love affair." (KHS runners know what's up)

Who has the best running face and why?

"Jack Dodson for sure! Because he always runs with his mouth open."

-Chris Lianos (9)

"Dion Booth has the face of a winner or someone that just really needs to go to the bathroom."

-Jack Dodson (12)

"Dion Booth does for sure because when he's at the last stretch he looks so concentrated and his face gets all scrunched up."

-Mena Heinl (9)

"Gwen! She doesn't really show any emotion but the crazy part is it doesn't matter how hard she is running, her expression never changes."

-Brindalyn Greavs (11)

"I would have to say that I look the best because I look really native when I run!"

FALL

Fall for the Kings has been memorable. From Senior walk in to the amazing music at the fall concerts. The swim team, yet again, dominated at regionals and went to state. Fall at Kayhi brings new excitements as they wonder what is in store for them the year head. New friends, new learning opportunities and who knows what's in our future. Fall is all about new possibilities.

Walk with us.....

..and you will see how this year's senior class really made a big bang to the introduction of their last year. This year's 2012 seniors really went all out with the High-school Musical dance intro. They then gave it their all to out-sing and dance the lower- classmen. These seniors topped off their walk-in with a successful relay game. Of course, the seniors won that too. This year's seniors are truly the "Mayans" of todays society.

GOVERNMENT

Government is a required class for all seniors. This delectable, entertaining class teaches what and how government works. Government is currently taught by Mr. Middag, Ms. Stone, and Mr. Pader. Many students find the class quite enjoyable and have commented that they have learned a great deal of knowledge, such as the wide range of government systems, political parties, and how our government operates.

The **LAST** Senior Carnival!?

Amy Owings

2012 senior carnival went amazing as planned. The clean up crew beat last years by 3 minutes. It was very successful and we earned lots of money for our senior class of 2012. "It was a good bonding experience with people I don't generally talk to. I had a great time and Im glad I did it" said Salvador Ochoa. "The popcorn was a popping success" said Luke Purschwitz.

Halloween in the Halls

As Halloween approached, the leaves began to change colors as the hallways buzzed with excited whispers of costumes. Plans were made to go Trick-Or-Treating and have other get togethers.

Spirit week came right before it all, getting several students excited and dressed up. Monday was Pajama Day, followed by Beach Day, Twin Day, Formal Day, and finally School Colors.

On the day of Halloween smiles were shown as crayola crayons, Jabberwockys, ballerinas, basketball players and more filed into the school.

During lunch, a parade walked around the commons giving students an opportunity to show off. There was even a dance-off for two groups of friends all dressed up. Laughter filled the halls and town as all the students and teachers were brought together.

People have repeated the same responses when referring to the concerts that have been held this year at Ketchikan High School.

There was progress in many areas, but as Miss Nuss said "There is always room for improvement. Music is never finished, or perfected."

"With time, and practice ev-

eryone shows progress."

When asking about the student progress she could not decide how to respond in one way, but shortly settled on the statement that seems to fit. "Progress is always a difficult thing because every student grows at their own pace. So it is not possible to say that one person is made more progress

than the other. Simply because they make different amounts of growth in each of the areas."

Amongst the pieces performed by the wind ensemble were "Brighton Beach" by William P. Latham, "Sleigh Ride" by Leroy Anderson. The concert choir sang "In the Distance" and "Gaudeamus Hodie".

Winter Activities!

Amy Owings, Micah Long, and Charlie Klein

Winter at Kayhi is a very exciting time of the year! We have the big Clarke Cochrane Christmas Classic Tournament, which people from all over Southeast come to watch. We also have our Homecoming during that time. Other activities going on are wrestling, cheerleading, dance team, and pep-band.

Some students also participated in an indoor soccer league. "Jake Potts, Juan Robles, Nick Swiger, and I completed the Rain Bird Soccer Tournament and almost took first place, but got second," said Dion Booth.

Wrestling

Kayhi wrestlers had a tough year. With meets almost every weekend, and facing some of the top wrestlers in the state, their schedule was not easy. Despite this, Kayhi pulled off the win at regions, and sent ten wrestlers to state. Of this ten, there was one freshman, two sophomores, three juniors, and four seniors. The top finish for Kayhi was sixth place, which was taken by seniors Kenny Hamilton and Shiloh Mackey. Kenny also placed first in the annual Bill Weiss tournament. Overall it was a good year for Kayhi wrestlers. "I learned a lot," says freshman Jake Stout. "It was a great experience. I can't wait for next year."

Lady Kings!

The Lady Kings basketball team is more of a family than anything else. All the girls not only got along, they are all friends. The team had six seniors this year: Shiree Sells, Melissa Elliott, Hannah Carson, Jenessa Albertson, Inga Christensen and Kate Kita our exchange student from Poland. The varsity team is coached by Kelly Smith, and assisted by Jenn Smith. The team exceeded expectations this season; they had a winning record with 15 wins and 11 losses. Senior Jenessa Albertson says, "This season was great! The team really came together as a family. I'm so proud of us!"

The Junior Varsity team is coached by John Brown and assisted by Darcel Williams. "Basketball this year was more fun than I expected and I had a blast with my team on and off the court," says freshman Taylor Bartholomew, a JV player. Junior Varsity worked really hard on being the best team they could be with such a minimal amount of players.

The Lady Kings worked really hard this year, and in working hard made life-long friends that will never be forgotten.

Cheer Team Takes Second At State

This year the Kayhi Cheer Squad made their way to Anchorage to compete at the State Competition, which took place at South Anchorage High School on March 13th. They competed in 4 different competitions including sideline dance, floor cheer, 5-man stunt, and a routine.

The sideline routine was against all schools that chose to participate and was a minute of straight dancing. The floor cheer was also a minute and it included tumbling as well as stunting. The 5-man stunt routine consisted of Dezi Alvey, Elyzabeth Campbell, Kassy Navales, Alyson Walker, and Amanda Youngberg. They were in the all girls division. "Even though we didn't hit all of our stunts, it was still a lot of fun and we finished it! We didn't quit, so there's no regrets there," said Captain Dezi Alvey.

The routine was 2 minutes and 30 seconds. The Kayhi Cheer Team competed against 5 other teams in the Large School Girls Building Division. Kayhi's very own coach, Amy Bowman, choreographed the routine. It was made up of 3 parts; a beginning dance, a cheer, and an ending dance. Tumbling, stunting, cheering, and dancing were all a part of the routine. The team took 2nd place at state and brought home a trophy. Hailee Miller said, "We had a rough time at Regions hitting all of our stunts, but when it came to State we hit them all and that helped us a lot in our division. We had a strong performance and it was a great way to end the season!"

"White Wedding."

The Region V Tournament took place in our home court. The K-highlights Dance Team received a rating of SUPERIOR for their tournament routine "White Wedding." The routine was a combination of jazz and hip hop - the biggest production K-highlights had done. Other routines they danced to are: Hip Hop (Competition Hip Hop & JV Hip Hop), Contemporary Jazz, and Pom. As always, the K-highlights Dance Team ended the season being the most loved dance team in Southeast for their style and originality.

Pep Band

The whole Pep band at Regionals.

Pep Band is always one of the main parts of getting the crowd fired up during the basketball games. "This one time Sy climbed through the window into class and it was hilarious," says Trevor Bello (9). Having the Pep band there to cheer on the teams plays a huge part in how the teams play. "During the Region 5 basketball tournament, all of the pep bands from different schools went out on the field and played games, it was fun!" expressed Kiana Withrow (12). Balls from the basketball games fly into the Pep Band section all the time. "It's so annoying how the balls always hit

the drum line," says Haley Dowling (10). Senior Sy Hovik has been involved in Pep Band all four year of high school and can describe it perfectly. "Our Pep Band is like a giant tea cup that everyone is afraid of. It shakes, rolls and rumbles steam from its perimeter in the form of powerful and luscious music. This steam then rises with extreme direction and an intent of condensing onto the ceiling and forming a pure drop which falls back into the cup completing the perfect cycle. It is in this parallel way that we sustain our power and integrity as musicians," he explains.

PEP CLUB

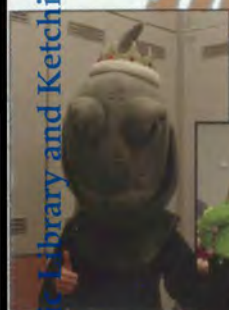

Above: Brita Pihl (11), Isabel Stephens (11), Maddie Stephens (10) and Alessandra Klose (11)

Pep Club is a great way to be loud, creative and cheer on your team. "The first game I went to was so intense. A lot of people were dressed in togas because it was whiteout day, which was really funny to see," says freshman Alyssa Jackson (9). They make new signs to hang up in the gym almost every week. "My favorite part of Pep Club was making signs because it was lots of fun and a good way to be artistic," says Tommy Verela (9). "Sportsmanship is a very important part about cheering. I try to be a very nice guy and cheer my

loving heart out," according to Regan Cloudy (9). Freshman Daniel Eichner enjoys yelling at the referees. But there is also work involved in Pep Club. "I think the worst part of Pep Club is making signs, but I was apart of making the very first pep assembly relays and that was a blast!" says Colton Paulsen (10). The Pep Club president Craig Jackson has had a great time being involved in all that has gone on this year. "Pep club is a great way to express your true feeling for a sport," he says.

Kayhi Cheerleaders spirit around boys basketball before a game.

Fire it up!

Clarke Cochrane Christmas Classic, in honor of Clarke Cochrane, was held yet again at Ketchikan High School. The tournament, held annually during Christmas break, brings many teams from all over the west coast. This year 16 girls and boys teams came to compete. Kayhi did well in the tourna-

ment, the boys receiving second place with the girls receiving third. Kayhi's drill team and cheerleaders also had a great week. They showed their spirit and had a lot of fun. Kayhi's pep band helped the spirit remain high. Overall, it was a great tournament for Kayhi, and it will be for years to come.

Junior Prince and Princess were Nathan Buendia and Mikayla Brown-Harrison and Joe Berry and Alexis Crellin took the title for Sophomore Prince and Princess. Alexis says it was pretty cool winning that title even though she was really nervous. Last but not least Nathaniel Jones and Katie Mendoza were elected Freshman Prince and Princess. Nathaniel thought it was really cool and exciting winning, especially because his big brother Xavier won his sophomore year. Last year's Homecoming King and Queen (Ryan Verella and Hay-

ley Widness) got the honors to pass down the title to this year's king and queen. Next year Dylan and Amy will have the honors to pass it down to next years King and Queen, and the tradition continues.

Nutcracker

The Nutcracker ballet is a story about a young girl named Clara whose family has a party at their house and her uncle comes and gives her a nutcracker. After the party is over, she goes to sleep and she wakes up to mice and soldiers fighting. The nutcracker comes and saves her from the Mouse King. After that, he takes her to the Land of Snow and the Land of Sweets. In the Land of Sweets the Sugarplum Fairy presents her kingdom to Clara. Performances from Spanish, Chinese, Arabian, Reed Pipes, Russian, Dew Drop Fairy & Flowers, Cookies, and the Sugar Plum Fairy end the show of the Nutcracker.

This performance mainly focuses on the senior company of Ketchikan Theatre Ballet. Every year Sam Feipe comes to play different roles throughout the show. "This year there was a new artistic director so there were changes made to this ballet performance," said Senior Lauren Gates.

AS THE KAYHI KINGS AND LADY KINGS LEAVE THE COURT...

Going into Regions both boys and girls had a great season and were 2nd seed for 4A basketball. Being 2nd seed put both teams playing against Thunder Mountain High School. The first games were on Tuesday February 28th, and both teams played hard and gave it their all, but in the end both boys and girls had devastating losses, with scores of 46-38(boys) and 49-42(girls). It was a huge shock to players, coaches, and fans. After Thunder Mountain and Juneau-Douglas' games, Kayhi ended up playing Thunder Mountain, once again.

As the Kings and Lady Kings got ready to take the court for the second time during regionals on Thursday, March 1st, looking for wins, only one of them was lucky enough to get it. The Lady Kings took the court with the hopes of beating Thunder Mountain, and making it to the championship game. They beat the Lady Falcons with a score of 64-45, and the Lady Kings were happy to celebrate. As for the Kings, they unfortunately didn't get the win they were looking for and lost with a score of 39-28, sending the Falcons to play the Crimson Bears again in the championships.

Friday, March 2nd, the Lady Kings played the Crimson Bears. After a hard game the ladies didn't get the results that they were looking for. With a score of 35-20, the Crimson Bears won the championship game. Juneau-Douglas boys and girls both went to state to represent Region V 4A Basketball.

There were amazing pep club members, cheerleaders, dance team, and pep band that supported the basketball players through their games. Also, the dance team and cheerleaders competed during this week. Cheerleaders got judged, and performed their routine at the boys game on Thursday. With help from all the Kayhi fans in the stands Kayhi had a great positive game. On Saturday, March 3rd, K-Highlights dance team had their judging. After a great performance, wedding themed, the team came out a superior (the best you can get).

All and all, this was an amazing Region V Tournament.

Drawing and Painting

The Creative Artists of the Future!

The Drawing and Painting class puts the 'awe' in awesome. Ms. Kern is hard working, pushing you to your absolutely best abilities and

will bring any and all artistic skills to their peaks.

The Drawing and Painting class will expand your creativity and will help you form your own style. That special trait you have will reflect in your unique creations.

"Drawing and Painting has funner than I thought it would have been!" said Markie Sternod.

Hands to Mold

Our Creativity

In the Sculpture and Pottery class you will mold the most amazing creations you can think of. This class will expand your imagination to its limits, and you will still be itchin' to mold some more.

Ms. Kern will help smooth out, shape, and nurse your dormant ar-

tistic skills into talents for shaping, pinching and even more interesting forms of sculpturing and pottery.

You will be amazed by the unique creations the art students will make-up with their vivid imaginations.

"I really like pottery!" said Maria Paula.

Drama

Is back baby!

After being cut for a year, it is back! Many students are in the class to get some of the frustration out of their bodies and become whoever they want to be. "It's fun, it's my favorite class," said Zoe Smith. "I love it! It's really fun," Claire Landis said.

Below: James Buendia. "I think that Drama is funny because people get to improvise and get to show their weirdness,"

Digital Photography

In Digital Photography, creativity is what makes each student different. The class is taught by Mr. Scarzella, and each student gets to capture a picture that could be known across the states. Each student in Photography

class is given a chance to show who they really are. The students in class learn about the concepts of taking pictures, like the rule of thirds. "Its really fun! I love this class!" says

Below: Isabelle Thomas. "I like Photography because its fun and I like taking pictures."

Culinary Arts

Below: Mr. Edwards teaching his class how to make pan-fried chicken.

Chicken? Ranch Wraps? Bacon Cheeseburgers? Want to cook something like this? Well, in Culinary Arts that's the main thing that you do. But you have to get your Food Handlers Card first. In Culinary Arts, you learn about the proper temperature when food is safe to eat, some delicious recipes, how to use knives properly, and even better, how to cook!

Many students follow their interest in cooking and take Culinary Arts all four years of high school. Whether you know a lot about cooking and safety techniques, this class can have you learning new things everyday.

What was the worst thing that happened to you in Culinary?

Holly Guthrie

"The worst thing that has happened to me was serving drinks and spilling milk and apple juice EVERYWHERE!"

Doug Edwards

"I splashed hot grease on myself while filming an episode of Celebrity Chef."

Child Psychology

Love helping kids? Love reading books to kids? Every Tuesday and Thursday the Child Psychology class goes over to Houghtaling and they help the students read. Ms. Bowman has her students create fun activities for the Houghtaling students. The students learn about how young students learn so they can help the young students learn to the best of their abilities.

The class learns how to work independently and in a group. The main point in Child Psychology and Child Careers is to use their creativity and their imagination to help themselves and the Houghtaling students.

THE BLASTIN' BAND IS BACK TO ROCK OUT!

The band students play an assortment of songs from all different types of music. They play for the love of music, and welcome beginning players on any instrument.

Ms. Nuss orchestrates some of the best performances in Ketchikan. She leads with a firm hand. Listen to them play once and you'll be back for more of their fun, inviting, beautiful songs!

Zero Hour FUN

Every morning these 8 kids start their day off on a musical note. They play in the school concerts as well as at events in the community. This year they performed at the Ketchikan High School Fall Concert, the Boyer Christmas Party, the January Monthly Grind, and the Sam Pitcher Memorial Concert. They also plan on playing at the Jerry Galley Concert, the Ketchikan High School Spring Concert, the March Music in Our Schools Concert, and Southeast Alaska Music Fest (which will be held in Sitka this year).

Alec Pankow and Jillianne Fazakerley traveled to Sitka in February as participants of the All Alaska Jazz Band at the annual Sitka Jazz Festival. Alec played piano and Jillianne played the trumpet. They were privileged to be directed by professional trombonist Dave Martel. One of the highlights of the trip for Jillianne was seeing Dave Martel wearing a T-shirt with her name on it at the airport. She exclaimed, "He'll wear that shirt around famous musicians and they'll see my name!" Both Alec and Jilliane had solos in their performance. The trip was considered a success!

Sitka Jazz Fest

This 6th hour class is more than just an elective for these kids, it's family. Each day is a new experience full of laughter, jokes, and music. They work together to create melodies and harmonies that result in pieces to perform. At times they get on one another's nerves, but at the end of the day all is forgiven.

Ms. Nuss began as a new teacher this year, bringing a whole new musical learning experience to the group. Solfege, a technique used to sight-read music, has challenged these students and helped them grow.

The Vocal Jazz class was able to attend Sitka Jazz Fest once again this year. They got to go to clinics, work with famous Jazz Artists, and sing in a concert. There were other high school groups present as well as famous groups such as the Randy Porter Quartet and The Greatlanders (a favorite of the Vocal Jazz Group). The two nights of concerts went for about 5 hours apiece. Saturday was full of clinics with the famous musicians and was the night of their performance. They performed Blue Skies (with a duet by Micah Long and Amanda Youngberg), Can't Take That Away From Me, Dream, and Hit Me With a Hot Note. The trip taught them many new things and was an enjoyable experience for all.

Mario Thomas

If you're the kind of person that loves everything to do with being on the water and boating, Maritime is the class to take! Mr. Collins takes his students down to the ship Jack Cotant docked at Bar Harbor. They take a trip there every once in a while to get some experience of working on a boat. Some of the things they are taught to do are tie all the different types of knots, navigate, read maps and most important learn the safety rules. Maritime is a fun and exciting class and will teach you a lot about being on the water!

"In maritime class we got to go to the pool and try out the survival suits and life rafts," said James Eisel.

"My class got to drive the maritime boat around and I thought we were going to crash," said Keenan Sanderson.

Woodworking

Almost anything you can think of you can make in Mr. Jackson and Mr. Thomas's Woodworking. High school Students create to sell in this class. Many have made lots of cash from building stunning projects! **"The most common project made and sold in Woodworking is the bandsaw box," Mr. Jackson says.**

Kids work hard to make their projects look beautiful. Also Mr. Thomas & Mr. Jackson make their own fair share of projects with the students, plus teaching new-comers how to work all the equipment in the shop and all the safety rules so nobody cuts a body part off.

Drama Debate Forensics

Drama Debate Forensics is a competitive speech and debate class. You work in class on debate, and travel about 5 or 6 times a year. There are several meets, Juneau, Mt. Edgecomb, Wrangell, Haines, Anchorage and one in Ketchikan.

Forensics is the speaking category of DDE. This includes speeches (that either inform or persuade) and extemporaneous events in which the speaker draws a random topic or current issue and must speak without notes.

Some Ketchikan students also chose to prepare Drama events. Jackson Stanton and Wilbur Fisher took their duo to State this year!

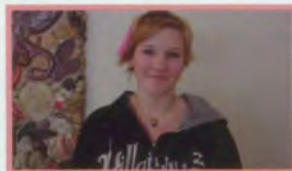

To the right are students who participated in Drama Debate and Forensics. Hitsati Hudson, Austin Otos, Jackson Landis, Jonathan Jacksch, Lisa Torres, Jeannette Sweetman, Charlie Klein, Brendan Stanton, Wilbur Fisher, Kaitlyn Brooks, Sam Ortiz, and Abbie Sweetman.

What's your favorite subject of debate?

"Emma Scott and I are a great team when it comes to debating about economics." - Jeannette Sweetman

"I enjoy debating about low-income topics." - Kaitlyn Brooks

Looking spiffy at Juneau Douglas High School, the team is ready to come back home after a great weekend.

Jonathan Jacksch is making a speech about economics, while Austin Otos takes notes and waits for his turn.

Charlie Klein and Jeannette Sweetman take a break and have a snack back at their 'housers' house.

DDF participants pose for a photo while venturing home from a successful trip in Juneau.

Brittini Tully rushes down the hall to get to her next debate.

Austin Ashcraft watches Brendan Stanton take his turn debating a really important subject.

JOURNALISM

This sixth period English credit and elective class publishes the school newspaper about five times a year. Mr. Cron teaches these students the correct format of a newspaper and how articles should be written. They are the first on top of all the important news at Kayhi, and tell it how it is!

Some of the students' favorite articles to write about include movie reviews, sports and opinion articles. Boring subject articles are the hardest for most students to write but they try to bring creativity into them.

Above: Starting from the left, Tylynn Ward, Kevin Tuchman, Mr. Cron, Jessica Mateer, Mikala McKim, Jay Shock, John Burdick, Katarzyna Kita, Lauren Gates, Jeanette Sweetman, plus Shenry Bongat and Andie Skultka (Not pictured). To the left, the girls are going to work on their keyboards.

Creativity!

This year's Williwaw staff worked very hard at making our 2012 yearbook look the best it can. They had a lot of fun designing and creating this year's Mayan-themed yearbook. However, it is a stressful process with all the serious deadlines.

This year, they had a student, not on Williwaw, design the cover; Jeanette Sweetman.

All levels of French are taught by Madame Z and are extremely enjoyable. Advanced French's highlight of the year is when they get to make marionette puppets. "Sculpting my Nicki Manaji bod on my super hero was the best part about making marionette puppets," says Faith Clark. French 2 makes Mardi Gras masks and then presents them while doing a parade around the commons at lunch. "My favorite part about making Mardi Gras masks is besides not having to do worksheets for a few weeks, I liked how Madame Z let us do whatever we wanted to do with our masks. She didn't say no to anyone's creative ideas. The painting was the most fun though because we all got to finally see our masks start to come all together and look fantastic," says Madeline Stephens. French 1 is very basic, they do lots of mini-contes with classmates and make comics about going to the grocery store. "Mini-contes are a lot of fun when you have no clue what you are supposed to be saying," says Paul Askren.

Vocational Medicine

All the students showing off there disabilities on disability day from no writing hand to tunnel vision.

Vocational Medicine, or "Voc Med", is a class where students get to learn about the human body, and even get the chance to job shadow an occupation they are interested in pursuing, from surgeons to dental hygienists. Senior Geneva Peters says, "It's a lot of work, but a lot of fun at the same time!"

The Voc Med class went over the capacity and had 21 students in it, which is the biggest Voc Med class ever. The students get to do a number of different things that they would have never gotten to do otherwise, such as: disability day, helping out at the Public Health Fair, and this year they were lucky enough to help out with the airport disaster drill. Vocational Medicine is an extremely fun class, and is recommended to all.

What is the best advice you can give for future Vocational Medicine students?

Yes, We Take Tests for Fun!

This group of students spends their free time after school studying "The Guide". This book tells them all they need to know about 4 different subjects or categories. They study the material, learn it, write it down on notecards, highlight it, and memorize it. Then, they take a test on it and compete against other high schools in the state.

Chemistry teacher Mr. Powell is the advisor and mentor of the group. They travel to other Southeast Alaska cities and have a meet at Ketchikan High School. Then they get to travel to state and compete against even more schools! One thing is for sure, they do us proud every time!

The day they left for state, ACDC wore their team shirts and dressed as nerds. Brindalyn Greaves (top right) showed off her suspenders and team spirit before rushing out the door to a prior engagement. Abbie Sweetman (middle right) modeled the team shirt which reads, "Drop. Dead. Gorgeous." Jillianne Fazakerly (bottom right) posed for the camera showing off her glasses and suspenders.

This year's team worked hard and represented themselves and our school well at all times. Some students might not like quizzes and tests, but these kids enjoy them!

What Does SBA Do?

SBA (Student Body Association) is an organization of students at Ketchikan High School. There are Class Officers for every grade as well as a school-wide elected group and homeroom representatives.

Different officers have different responsibilities. For example, the Senior Class is responsible for Senior Carnival and Senior Float. The Juniors are in charge of Sadie Hawkins, and Freshmen pick up after the annual paper toss.

The school chooses four members to run the meetings and be the voice of SBA. The President then attends all the School Board Meetings and takes the issues to the board.

Each homeroom chooses one representative to attend every meeting. They are asked to take notes and report back to their homeroom the following day. Sometimes they are given the responsibility of asking questions to their first period class and reporting back at the next meeting. They are always responsible for bringing fellow classmates' concerns to the table whenever needed.

This year SBA had 3 new advisors; Ms. Ortiz, Ms. Stockhausen, and Mr. Pader. They were a great help to the students and organized an overnight leadership retreat at the school. An inspirational speaker came and the students were given several tasks to complete in order to expand on their skills.

Ketchikan High School's SBA works hard to make our school a better place. Whether it's a small issue, or a large one, Kayhi SBA is ready to step up to the plate.

"I was beginning an oral book report in English class and I was on my first sentence, I went to say version, but mis-spoke and said virgin, ducked behind the podium and would not come out. My teacher, Mr. Hebbard, was nice enough to let me try again the next day."

-Ms. Landwehr

"I just bought new white jeans and wore them to school. I went to band class and got ready to warm up my Cornet. I leaned back on the counter and noticed it was just painted yellow. I backed away and sure enough, my butt was yellow! It was quite embarrassing. First day wearing white jeans and I ruined them with yellow paint! I never bought white jeans again."

"No, I expected High School to be really hard but it's not that different from middle school except that it is larger, has more students, and the classes are a little bit more advanced. But it's still a lot of fun." -Chloe Miller

"No, I thought it was going to be a lot harder and scarier! Making memories is the best part." -Mary Flora

"No, it was a lot more fun. It sucks when it comes to school work and tests, but meeting the teachers and becoming friends and having funny moments with friends is somethin' to remember forever!" -Douglas Cook

Class of 2014!

Where/who do you see yourself in 10 years?

I will be a plastic surgeon for blonde females.
-Kolton Danevport

I think in 10 years I'll be a machine worker all over the world. I might work for a mining company up north just to make big bucks quick. Whatever I'm going to be doing, it's going to include mechanics.
-Adam McLavey

In 10 years I hope to be successful marine veterinarian. I hope to be able to see the world and live in Australia. I want to help and train animals so they can be as happy as possible.
-Katie Broderick

In 10 years I hope to be in the Coast Guard, either that or be in some kind of place where I can be a cook.

Write Memory?

"Last year me and my little sister Tabitha went to Seaside, Oregon to visit our grandma, we had a lot of fun and we went to Haystack beach a few times"

-Cantel Gordanier

"A long time ago when me and Jens were little we were playing with squirt guns and I got him in the eye and he started to cry so I went back to help him and he tackled me. good times!" -Dylan Christian-

"A few years ago me and Shawn were playing with BB-guns and I shot Shawn in the chest at point blank so they brought him to the hospital ... its ok though because Shawn got me back." -Luke Guthrie

Remember When...

"So in Kindergarten **Jacob Jones** and I were swinging and he couldn't swing. He didn't know how to, and I was making fun of him, and he went and told the teacher, and I got put on the wall...."

-Hannah Carson

In 5th grade **Jake Heath** licked a pole at recess and his tongue got stuck! The teacher made him pull it off.

Favorite Elementary School Memory

Beach day was my favorite day in Elementary school. Going out and finding the little crabs under the rocks and collecting limpets. Oh and of coarse getting to roast S'mores!

-Inga Christensen

My favorite memory is when Jenessa, Tori and I attempted to eat really hot peppers on Jenessa's trampoline. Attept is the key word!

-Amy Owings

I remember going to Barker-ville in British Columbia, Canada on a family road trip. I loved the historic town and I was especially excited to try panning for gold! I was expecting to get rich from rushing river overflowing with wealth, but was disappointed when i found out that my only option was to buy a gold panning kit. The kit only had a few specks of gold. My dreams of an adventure had been crushed.

-Brendan Stanton

In Elementary School my favorite memory was the mostly play, little work attitude in Kindergarten. My favorite thing to do in Kindergarten was always making a tunnel system for marbles and watching them go down the race track. I was definitely the best at it, that's probably why it was my favorite.

Through The Years

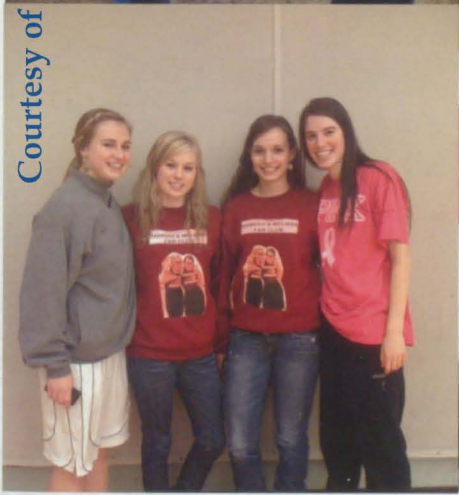

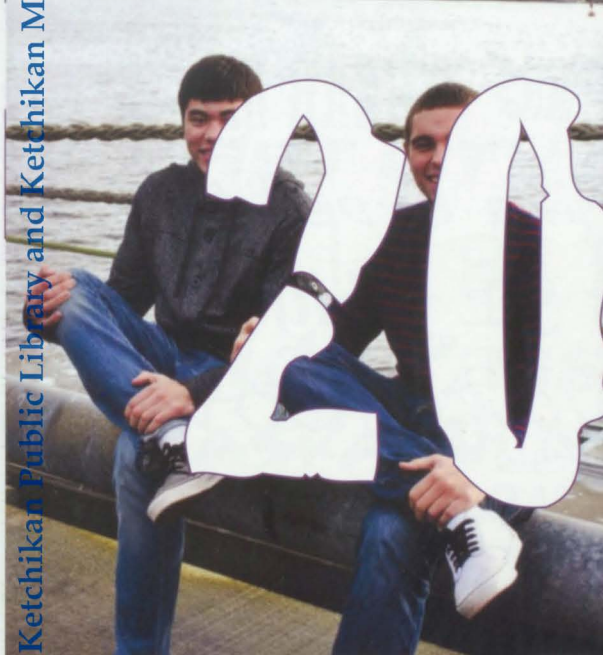

Jillian Piazza

Jilly Pepper,

Your hope will always twinkle in your eyes. Your dreams will always lead to the corner of your smile. Your opportunities will always present because the true beauty in your heart lets them in. Go forth and share yourself with this world that has waited for you. You are welcomed and will flourish beyond your imagination, as well as the others you touch. We are very proud of you Jillian. We love you very much. Love; Mama, Todd, Sami, Nina and Quincy
