# Fish out of school

Courtesy of Ketchikan Public Library and Ketchikan Museums

Over the summer of 2015 students had the time to go off adventuring and make new memories of their own - like going to Paris, visiting family, visiting the White House, and even meeting President Barack Obama. Hurricane James said Paris was a great experience and she was glad she got the opportunity. Madison Pope said Attending Girls State, held in Wasilla was awesome and that they learned so much and made some lifelong friends.

# Runners Set..

Our Kayhi Cross Country Team has ran one of their best seasons yet. We were very close to winning regions in Juneau this year. Coach Leigh Woodward said "Everytime at the end of the race, when I know someone gave it their all. That is my favorite thing."

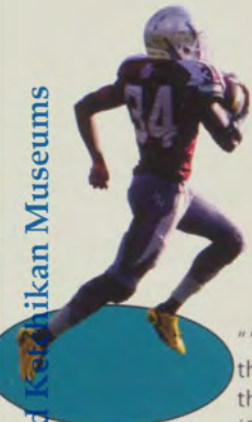

Kayhi Cross Country Captain Leif Svenson learned from his four years running cross country that it doesn't suck, but running when you're out of shape sucks.

## Tackle For The Win! The Boys Are Back

This year, the Kayhi Kings football team brought home three wins! This was a tough season for the kings. Team captain Nathaniel Fousel (12) says that, "This years team is a really young team. They've improved a lot and they continue to do so." The Kings will certainly be ready to take home more wins in the years to come! Team manager Emma Shelton says, "Without a doubt, next year's team will be tougher and stronger." She says that she is amazed by the support and advice given to the younger players from the team's veteran players. Freshman Christopher Brown has some thoughts on the team's success to come. He says, "A quarterback with a season under his belt will definitely benefit this team!"

## Bump, Set, Spike! Spiketacular

Courtesy of Ketchikan Public Library and Ketchikan Museums

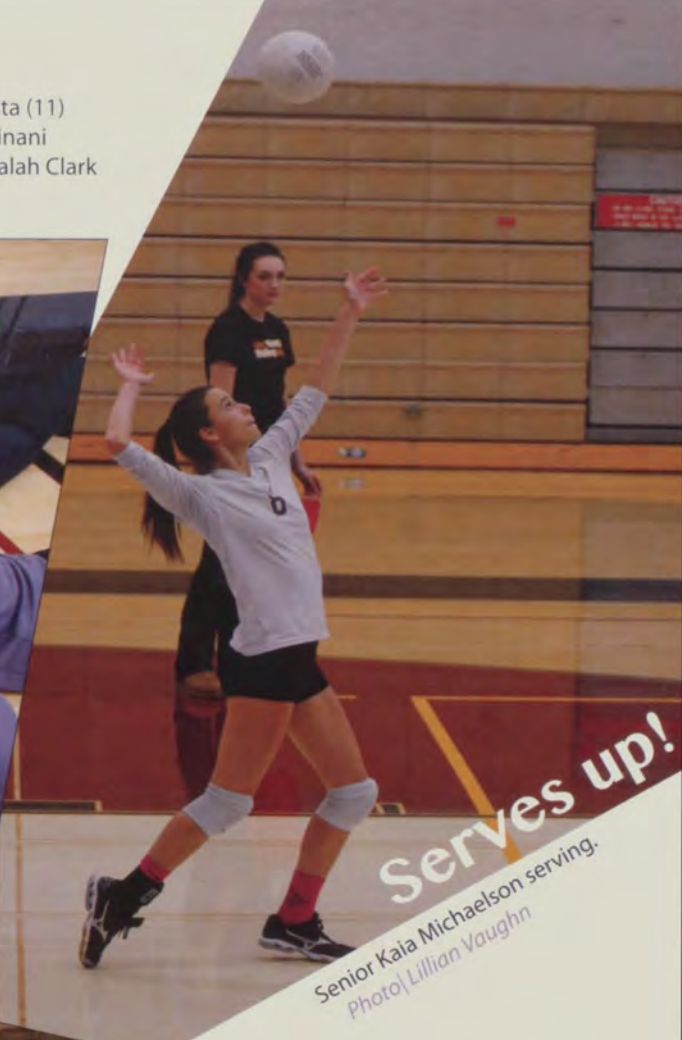

The Kayhi Lady Kings had one of the best seasons Kayhi has ever had. With nearly thirty players on the team, all the players showed their hard work, talent, positive attitude, and their willingness to play 110%. C team had many new players on. They demonstrated how dedication and teamwork was the way to go. JV had many wins, killer serves, great positive attitude and teamwork throughout the season. The varsity team made history this year. They went to California and played at Sweet Water High School and beat the Devils! They did an excellent job competing at the Spiketacular and Service Dimond tournament in Anchorage. For the first time in many years, the varsity team took first place at the Juneau Live Tournament. The Lady Kings greatest accomplishment was winning the Region five tournament for the first time in about thirty-two years. They went to State and had a blast. Senior Jenny Hu said "It was the best feeling in the world to win regionals. Last year we were so close. Winning regionals my senior year felt very special. This is by far the best team I've been on and I'll never forget all the memories. The hard work really does pay off in the end."

# Kings Territory

Kayhi swim and dive team takes to the water. The team consists of 19 people this year with six seniors. Their coach, Patrick Burda, has been coaching for a long time, but this is his first year coaching for Kayhi. The order is butterfly, freestyle, breast stroke, back stroke, relay or diving. Kegan Rhein (11), being the only diver on the team, voices his thoughts about it, "I sometimes wish I had another diver to compete against. It's always more fun with someone else, and I wish I focused more on swimming." Bernadette Franulovich (12) says a few words with this being her last year in Kayhi swim, "I will miss the team atmosphere and the support that our teammates give to each other. We have a lot of fun and we spend a lot of time together, so it sucks when the season is over, because it seems like you never see your teammates anymore." The swim and dive team will strongly represent Kayhi while they compete.

# *Kayhi Wrestling* **Kings of The Mat**

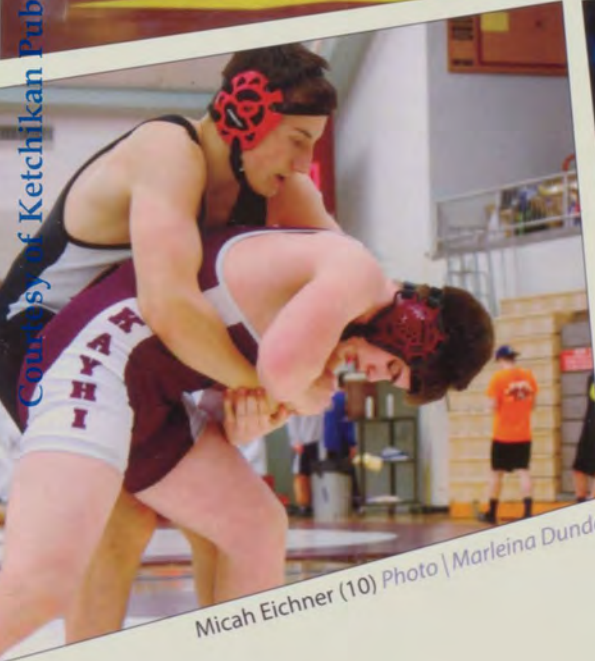

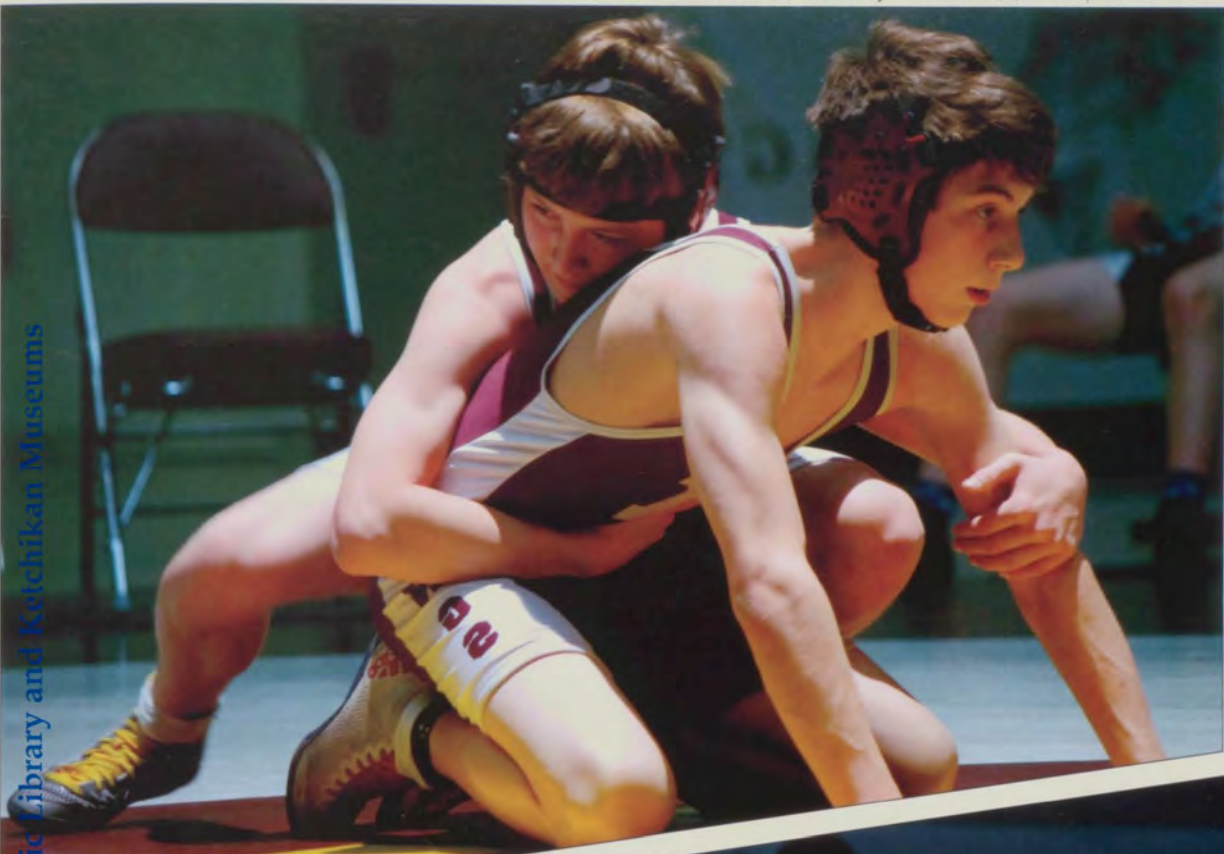

The wrestling season this year was a success for the Kayhi Kings. Their success is measured by the work they put in, off and on the mat. We are proud to have these wrestlers represent our school. All members are devoted and self motivated to improve their skill. They worked hard, wrestled hard, played hard, and had fun while they were at it. Zack Zenge said "Traveling was the best part of the season for me because I got to hang out with friends and see more of Alaska." The team traveled through Southeast to up north and Anchorage. They're not just a team, they're a family.

# Sparkle and Shine

Courtesy of Ketchikan Public Library and Ketchikan Museums

The K-Highlites have had quite the season throughout their nine months together. The team attended a dance camp in Arizona, attended Nationals in Florida, received a Superior rating on their tournament routine at Regions for the fifth year in a row, and learned five routines. At Nationals, the K-Highlites competed in the Small Varsity Pom and Hip Hop divisions. Their theme for the tournament routine was travel; taking the audience throughout the country to locations such as Detroit, California, Las Vegas, Miami, and New York. Senior and Captain Nedalyn Gonzales said, "This season has been incredible and I wish it didn't have to end. I love my second family so much and I wish them the best of luck over the next few years of dance. #ipromisesomuch to be cheering you on from college and to watch all of your performances next season."

# The Kayhi Kings Get the Gold

## KHS Cheer

Courtesy of Ketchikan Public Library and Ketchikan Museums

Kayhi cheerleading gives individuals the opportunity to work on their skills when it comes to cheers, jumps, stunts, and tumbling. It also requires a lot of respect for one another as well as being patient and determined to get work done. Not only that, but teamwork is a huge part of being successful. Every person on the team matters, they all have an important role especially when it comes to stunting. One of the stuntmen, Trevor Ortiz, says, "It takes a lot of thinking and concentration to get the flyers up. There is a chance that people could get hurt because of the lack of participation." The cheer team was very fortunate to have three stuntmen who really made a great impact when it came to stunting as different stunts were thrown throughout the year. Overall, the Kayhi cheer team had a successful year with the help of their coaches, Lacey Bailey and Chelsea Rolofson. Go Kings!!

# What's your favorite basketball memory?

"Competing in tournaments, especially in Anchorage. It's a different environment to play basketball here compared to Southeast, but it's always exciting and fun when I'm with my teammates," said senior Alexis Biggerstaff.

**Alexis Biggerstaff**

## *The Kayhi Kings get the Gold* **Lady Kings**

The Lady Kings are the most successful basketball team so far this year. They were 25-3 this year. They were undefeated in the region V tournament. They won regions and got third place at State. All seniors got invited to play in the all star tournament in April. "It was amazing to play for our community one last time and really show what the Lady Kings represent and how much we can accomplish. I love that I got to finish off my last season of high school basketball with a win and playing with my teammates. We've accomplished so much in four years and I'm so proud of each and every one of them." said senior Alexis Biggerstaff.

# GIVE'EM THE FIN!

Isaac Johnson (12) going for a lay up.  
Photo| Shooting Starr Photography

The Kayhi Boys Basketball team had a very successful season. Over all, the Kayhi Kings won 21 out of 27 games. They also made it to state. During the Clarke Cochrane Christmas Classic Tournament, the Kings got 2nd place. At the beginning of the year, the Kayhi Kings were number one in the state, but now after this year's season, including the state tournament, they are in fifth place. Nathan Bonck (12) says, "I'm glad my last season playing Kayhi basketball was so fun."

# Clarke Cochrane Christmas Classic Holiday Balling

Every year after Christmas, basketball teams from all over Alaska, the Pacific Northwest, and California come to Kayhi's Clarke Cochrane Gymnasium to compete in the Clarke Cochrane Christmas Classic tournament. This year, Kayhi's boys and girls made it to the finals. The Lady Kings won first place. The boys lost in an intense game against Auburn Mountainview, taking second place. Mo Bullock (12) says, "I'm glad that I was with a team I enjoy for my last Clarke. Even though we didn't win, I had fun."

# A week of ball

This year, Kayhi girls' and boys' basketball players, pep club, pep band, cheerleaders, and the dance team traveled to Mount Edgecumbe High School in Sitka for the Southeast Regional Basketball Tournament. Regions is an action-packed four days full of basketball. All the students are filled up to the brim with pep and they do all they can to support their school.

This year, our Kayhi Kings lost the tournament and took third place. Even though they lost the tournament, they were still able to go to state. Our Kayhi Lady Kings successfully won the tournament and took home the first place trophy for the third year in a row. Our cheerleaders, for the first time in six years, won the first place 4A cheer title, with the help of our pep band and pep club. Our K-Highlights got a superior on their Regionals Dance routine, which is the highest ranking that can be received for a dance adjudication. Congratulations to this year's teams and all the hard work that they have done.

# Keepin' it Peppy

Kayhi's pep club had so many enthusiastic members this year. The 2015-2016 pep club president was senior Madison Pope. The vice president was senior Sherlin Malabanan and the secretary was Christian Lorenzo, a junior. Pep club was highly-spirited this year, dressing up for themes such as camo, neon, white-out, Hawaiian, maroon and white, tie dye, and America. Pep club will be taking about 35 members to regionals in Sitka this year. "Maroon and white, keep it tight!" says pep club secretary Christian Lorenzo.

## Kayhi pep band keeps it loud and proud! **Playin' Loud**

This year's pep band was led by senior, Lora Starr. It was a fun, exciting and eventful year. "This year was amazing, aside from the time I got red marks on my face for a week from the face paint," said sophomore Sarah Kuharich. Pep band got three new songs this year: *Cupid Shuffle*, *Hooked on a Feeling*, and *Seven Nation Army*. They also got a set of songs that are played during time-outs, which include, *Uptown Funk*, *Happy, Bang Bang*, and *Shake it off*. Freshman Chris Brown said, "My favorite song to play is probably *Hooked on a Feeling*, because it's easy to sing along and dance to."

# ...Sadies?

# Homecoming 2015

# Kayhi Royalty

Bernadette Franulovich and Sylvan Blankenship were crowned this year's Homecoming King and Queen by Kayhi alumni and last year's king and queen Thomas Varela and Zoe Smith. This year, homecoming court consisted of only upperclassmen princes and princesses. Homecoming king Sylvan Blankenship said, "It's an honor to be crowned homecoming king, and I wouldn't rather be at any other school. I love Kayhi. It was a good feeling to know that my fellow students selected me. Plus, anyone would be lucky to be chosen as king with the queen, Bernadette, and I guess it was just my lucky day. I'll miss Kayhi and everything about it."

# Native Scholars

KIC Tribal Scholars is an alternative program that allows students to participate in a core academic learning community in the morning. Later in the day students come to Kayhi or Revilla to take part in elective classes

Courtesy of Ketchikan Public Library and Ketchikan Museums

# Class Act

# Staying Active

Class Act mentors are made up of high school students who are willing to give guidance to freshmen. Freshmen can always count on their mentors to help them with any questions they have, from where their classes are on the first day, to how finals are handled. This program allows older students to give newer ones advice that they've found helpful throughout high school, so the transition to a new school can be easier. The mentors plan relays for the freshmen so they can be in a comfortable environment during the first month of school. "I'm in Class Act because when I was a freshman. Class Act really helped me transition and get to know some of the teachers and older people," said senior Courtney Kemble.

## Exchange

Courtesy of Ketchikan Public Library and Ketchikan Museums

### Julia Sjöholm

Julia is seventeen years old and arrived in Ketchikan from Sweden in September 2015. Julia is in love with Ketchikan. She enjoys the rain and the beautiful mountains. She came to Alaska for experience and for something different. Julia doesn't miss home at all and would live in Ketchikan if she had the chance to!

### Nina Lacroix

Nina lives in France and arrived to Ketchikan in August 2015. Nina's first pick was actually sunny California. When Nina heard she got picked for Alaska she was so surprised and nervous. She pictured Alaska to be full of snow, igloos, and Eskimos. So she was quite surprised to find Ketchikan not at all how she thought it would be. She loves Ketchikan and is really happy she got picked to be in this town instead of California. She loves the ocean and landscapes of Alaska. She's made so many friends that she hopes to hang onto forever. If Nina had a ticket to go back home right now she wouldn't take it. She will always hold on to the memories and experiences Ketchikan has given her so far!

# Nobility *National Honor Society* Obligates

The National Honor Society (NHS) is a nationwide organization in the United States and consists of many chapters in high schools. Selection is based on four criteria: scholarship, leadership, service, and character. "NHS is something that makes our school look really good to the community and others" -Sage Acteson (12)

The annual Winter Variety Show

# Holiday Time

Every year Kayhi students and staff put on a show for all the other students and staff. Things like singing, dancing, and playing instruments are all included in this great show.

The highlight of the show every year is always the Fawn Mountain kids that come and sing for all of Kayhi. (quote from some person that actually went)

### Academic Decathlon scores high

# AcDc

AcDc stands for Academic Decathlon. Our AcDc team is being run under one of our teachers, Peter Stanton, and consists of 16 Kayhi students. Everyone has worked very hard and all of their hard work has paid off. The team has done very well during their meets and are getting ready for state which is during the last week of February. Let's congratulate the following for making it to state this year: Sage Acteson (12), Adrian Antonio (12), Jesalyn Cachero (12), Lora Starr (12), Elizabeth Vossen (12), Ingrid Anzueto (11), Gabriel Canfield (11), Emme Andersen (10), Lydia Sumrall (10), Max Varela (10), and Largim Zhuta (10).

*Debate team makes history*

# Debate

Debate is an academically based school activity that teaches students certain skills, such as public speaking, presentation, and research. As a debate participant, students can choose from several speaking categories, such as expository or oratory speaking (different types of speeches), and extemporaneous commentary or speaking (one is current event based, the other is based on randomly-drawn-facts). The public forum debate is composed of two teams of two members taking turns speaking and refuting each other's points. It lasts for 45-60 minutes. The topic is the same for every team and changes with each debate.

## Government Class

# We The People

Senior Government class is required in order to graduate. It is taught by Mrs. Stone and Mr. Mitchell. First semester is focused on Federal Government and second semester is Street Law. Each quarter, students are assigned to attend either a School Board Meeting, Borough Meeting, or a City Council Meeting. During fourth quarter, each student gets a chance to do a police ride-along. This class prepares students to vote when you're of age and gives students knowledge of how the system works. "I like learning about how the government works and how we can get involved to make a change," said senior Sadie Barajas.

Learn safety for your health in Health class

# CPR Needed

Health is a semester-long class which is usually taken during students' freshman year. Health class is taught by Zara Nesbitt who has been with Kayhi since 2013. Jannah Buendia (9) says, "I liked that we learned CPR, because I found it important to learn in every ones everyday life." Health students learn how to give CPR, more about their bodies, how to stay in shape, and how to clean wounds. Health class allows students to learn how to properly take care of their bodies.

# A class where you determine your future career **Shipyard Fun**

Careers class takes it to the shipyard as they see what it's like to work on ships. Careers is taught by Allegra Machado. In careers, students try to find what their future career will be. Students got to go to the vigor shipyard and see what the workers do when a ferry is in need of fixing. Ricky Credito (12) says that their experience at the shipyard "was really fun. I learned many things like welding, building a ship and a bunch of other stuff about how a ship works." Career students had a blast at the workshop.

# The making of the yearbook Where It All Happens

Ketchikan High School's Williwaw yearbook staff spends countless hours each year making the yearbook. This year's class consisted of nine girls. Todd Henke taught the class and editors Lillian Vaughn (11) and Brooke Mickel (11) decided to make the theme "Fitting the Pieces Together". Sophomore Melinda Guerrero said "I like being in yearbook because I get to show my creativity on the pages I make." After a year of hard work, the class designs and creates the whole yearbook, then makes the spring supplement to cover spring sports and events.

Photo | Mo Bullock

Photo | Mo Bullock

## What is your favorite part of being in the yearbook class?

**Lillian Vaughn:** Yelling at Alex and Melinda when they do everything wrong, and getting to create the whole yearbook.

**Brooke Mickel:** Being an editor and designing the whole yearbook. I also enjoy yelling at Alex and Melinda.

**Melinda Guerrero:** Making fun of Lily.

**Alexandra Boegler:** Making fun of Brooke and Lily, but mostly Lily.

**Althea Mae Santos:** Seeing all of the photos before everyone else and watching Alex and Melinda make fun of Lily.

**Camille Cadiente:** Gossiping with Althea all the time! Haha!

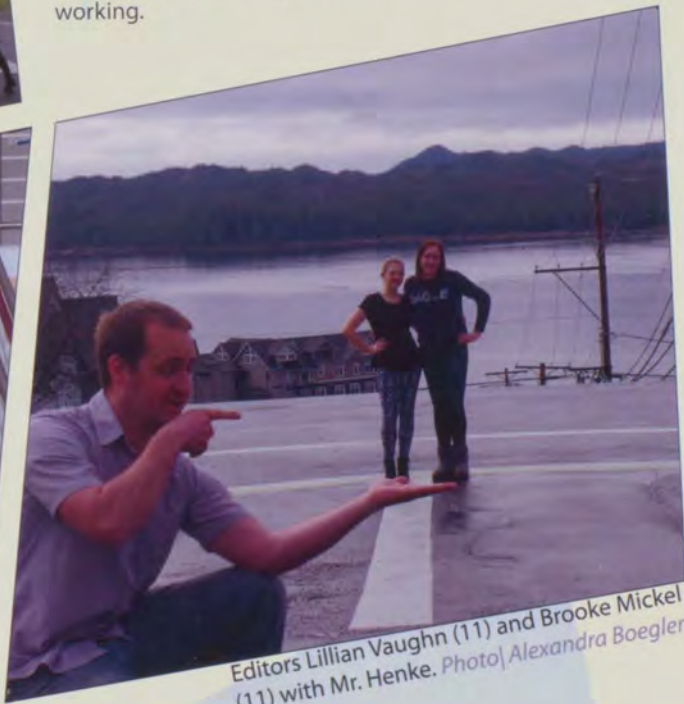

**Natasha Bolshakoff:** I get time to check Neko Atsume.

**Marleina Dundas:** I like getting out of class to take pictures of random students.

**Gabriela Clark:** Listening to music while working.

*Kayhi students take a jab at the Spanish language*

# Hola from Spanish

Hola from the Spanish room! Spanish 1, 2, and Advanced Spanish are all taught by Kayhi's newest teacher Rafael Curiel. In Spanish class students learn how to speak Spanish. They also learn about the places that speak the language, and their traditions. McKenzie Harrison (11) says, "I would recommend not getting discouraged because learning a new language can be challenging. I really like the food, music, and the cultures that we learn." Students also get to learn vocabulary words, make some drawings, learn more about Spanish speaking countries, and have fiestas!

## C'est Formidable!

Courtesy of Ketchikan Public Library and Ketchikan Museums

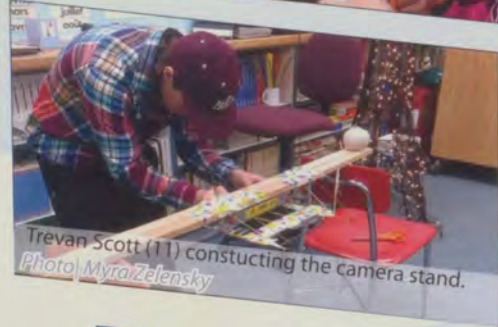

French is unlike any other elective! Myra Zelen-sky teaches her class through many different art forms. French 1 students create name tags using their chosen French names, Madame Zelensky and the Advanced French students then choose their favorites nametags to decorate her classroom walls with. French 2 students create websites showcasing facts of the French regions. They also get the chance to create papier-mâché masks for a Mardi Gras parade. This year, the Advanced French students took on a new project. They made a stop motion movie that teaches new French vocabulary to the French 1 class. The Advanced French students get to create Marie Antoinette type dolls that hang around the class room as decorations for Madame Z's room.

# *Upcoming Kayhi Kings* **The Key to the Future**

The Child Psychology and Child Career classes are taught by Mrs. Shelton. These are very interactive courses, every week the students get to take a trip to Houghtaling Elementary School and work with the young kids. Even though there is a small bunch this year, the class still has lots of fun! "When everyone in the class is being boring I make them be less boring, and everything is fun again, so it's a win-win situation!", says Mey Tuinei. Kayhi hopes for more students to join in the coming years so that the class can continue to be a course here at kayhi.

All about zero hour Jazz Band

# Morning Blues

Jazz Band has always been a zero hour class and this year it still is. Ranging from swing, funk, latin, be-bop, and ballad, these students can play it all, even at seven in the morning. Junior, Connor McCormick, says, "Playing at seven sucks, but we do it anyway." This year, Jazz Band didn't travel anywhere. Instead of going to the Sitka Jazz Festival, they stayed here and had local artists come in and play with them. Chazz Gist and Dave Kiffer came to play with the saxophone and rhythm sections and give them some professional advice. Kayhi Jazz Band also performed at the Boyer Christmas Party for four hours as the party's live entertainment. Although it was a very long time to play, the jazz band kept on swingin' so everyone could dance.

The saxophone section jazzing it while practicing for a concert. Photo| Lillian Vaughn

## back in time

If you could go back in time to meet an musician who would you meet, and why?

Katelin Kalbaugh (9)- "John Lennon because he's written so much and I want to know his opinion on everything."

Connor Wodehouse (9)- "Frank Sinatra, because I listen to his music all the time and the way he sings, I love it and I would love to learn from him any way I can."

Kinani Halvorsen (10)- "Undoubtedly Jimi Hendrix, because he was a God, and I would love the opportunity to speak to someone with a mindset like his."

Melody Jacksch (10)- "Beethoven for sure, because being deaf and playing the piano is one thing, but being as successful and brilliant as he was is whole other thing."

Dallin Ward (10)- "I would totally want to meet Ray Charles, his playing was off the chain for a jazz pianist and his singing is like... Woah."

Amber Junker (12)- "Stan Getz because his playing is more beautiful than anything else in the entire world and he could improvise like no other."

# Sing Sing Sing

What is your favorite genre to sing and why?

McKenzie Thomas (10)- "Soul, because it's fun and soulful."

Mario Rabacal (10)- "Heavy metal, because it matches the empty gaping hole in my heart."

Luke Dossett (11)- "Gregorian chant, because I find it fun and I like the sound of it."

Terran Stack (10)- "I like to sing things that are too high for me just because I do. I do it all the time even when I'm home alone."

Daniel Suckow (10)- "Contemporary choral or Renaissance because I like the big sound of it, it's cool."

Holly Haines (11)- "I like swing, because it's easy, fun, it has a beat, and acapella sounds really pretty when you swing."

Katie Smith (12)- "I like to sing super old Latin Renaissance music because it's really super pretty and simple."

*Jazz Choir keeps it jazzy*

## Keep Singin'

Jazz Choir is fourth year this year, instead of its usual two hour, and boy, did they have an eventful year. Along with their regular concerts, they participated in multiple events around the community. Around Christmas, some of the class went and sang Christmas carols at the hospital in long term care, which was enjoyed by all. In February, they helped a man surprise his wife on Valentine's Day. The man and woman have been married for forty-two years, and he surprised her with dinner and the singing of the choir. They also sang in Ketchikan Theatre Ballet's Evening of Dance performance. "In Jazz Choir, we get the opportunity to really involve ourselves in the community. Reaching out with our voices has proved to make all of us stronger musically, and more of a family," said Megan Daugherty (12).

Jazz Band/Jazz Choir by Lillian Vaughn 71

McKenzie Thomas (10), Mario Rabacal (10), Luke Dossett (11), and Terran Stack (11) practicing around the piano. Photo | Lillian Vaughn

Courtesy of Ketchikan Public Library and Ketchikan Museums

# All Together

What is your favorite part about singing in a choir?

"I like getting to learn new languages through song."  
- DrewAnne Hoyt (11)

"Becoming friends with everyone."  
- McKenzie Dunn (11)

"Expanding my vocal range through challenging song choice."  
- Thomas Brooks (10)

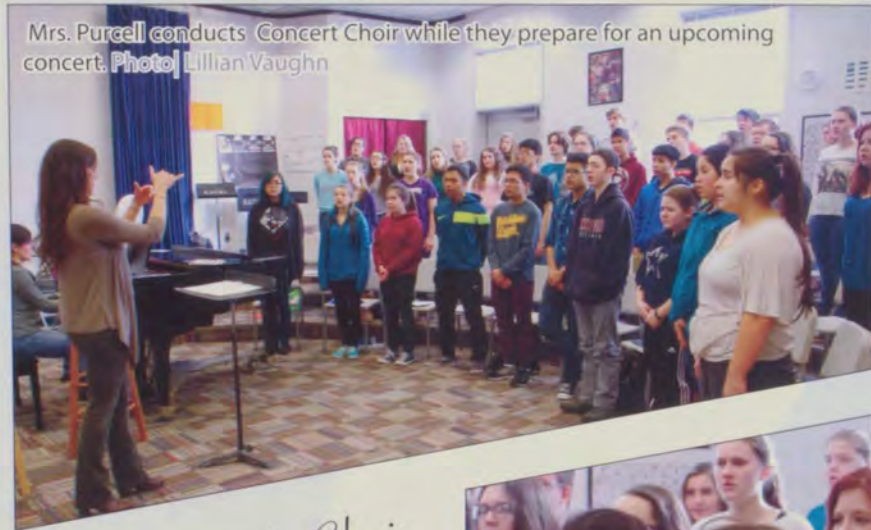

"Singing with a lot of different people and getting to learn different songs."  
- George Dowling (11)

"The connection and bond that you create in singing and being together."  
- Mina Matsuura (12)

Courtesy of Ketchikan Public Library and Ketchikan Museums

Mrs. Purcell conducts Concert Choir while they prepare for an upcoming concert. Photo: Lillian Vaughn

## Kayhi Concert Choir and Women's Choir Sing Strong

Last year Women's Choir was created because there were too many people in Concert Choir. This year, there was an option to be in both. Many people enjoy being in both choirs, because they have different feels and sounds. Women's Choir has higher tones. Because, of course, it only has girls in it. Concert Choir has low, high and mid range tones because there are boys and girls. "It's fun being in both choirs because you learn more and get to sing more," said sophomore, Jadyn Lewis.

This year, Concert Choir and Women's Choir had six concerts, including singing in Ketchikan Theatre Ballet's Evening of Dance.

## Multitasking?

If you had to run a marathon playing an instrument, what instrument would you use?

"A Fute, because I can hit people in the legs with it."  
- Gabriel Bowlen (10)

"Recorder, because it's really easy, it doesn't take much air and it would be obnoxious."  
- Lydia Sumrall (10)

"A triangle, because it's light and it would be a fun time."  
- Addison Catpon (10)

"Sleigh bells, because they'd be easy to run with and the sound would remind me of something happy, like Christmas, as I'm suffering during the marathon."  
- Kalleigh Krosse (12)

# Wind Ensemble blasts through the year Big Sound

The Kayhi Wind Ensemble consists of a little over fifty people. It is mostly sophomores, juniors and seniors but, there are a handful of freshman thrown in there. Wind Ensemble had a good year during 2015-2016. Because the ensemble was so big they could play multiple pieces and different styles and have no problem. This year they had five concerts and everyone blew the crowd out of the water because of how loud they can be.

Trombones, Daniel Neufeldt (9), and Evan Dyakanoff (9).  
 French Horns, William Biss (9), and Zoie Kelly (9).

Third period Symphonic Band warming up.

Photo | Lillian Vaughn

# 'll huff and 'll puff...

If you had to build a house out of instruments, what would you use?

"Tubas." - William Biss (9)

"Trumpets or four tubas." - Chancetfer Dyakanoff (9)

"Flutes." - Raevyn Goodson

"Tubas cases." - Andrea Short (9)

## Small fish of the band

# Beat Change

Symphonic band is the freshman band, although some upper-classmen who are beginners on an instrument can join. But this year it was just freshman. This year's freshman band switched things up. Most of them came in playing one band instrument such the clarinet, alto saxophone, and trumpet, but Ellyssa Foster, Zoie Kelly and William Biss decided to change things up. Foster switched from flute to bassoon, and both Kelly and Biss switched from trumpet to french horn. It is quite hard switch to a different instrument in the middle of the year but these students did a great job. Foster said, "The first time I played the bassoon I cried because, it made my face vibrate."

Freshman, Jackson Leavitt, Collette Rhein, Grant Dulay, and Ezrie Anderson warming up on the xylophone and marimba.

Photo | Lillian Vaughn

Boys and girls of Kayhi get fit!

# Just Do It!

Boys and girls conditioning is an alternative class to P.E. that teaches students good health habits. Students do things such as running stadiums, doing 100 burpees, lifting weights 20 pounds heavier than themselves or doing yoga to enhance flexibility. Boys conditioning is run by Rick Collins. Girls conditioning is run by Aidra Pagnotta and Shayla Shelton. Shelby Lewis (10) says, "I like doing the Pilates because it kind of relaxes me before all of my other classes." Caleb Gibson (11) says that he likes, "getting bigger and getting a good pump." Taking boys and girls conditioning will help you tone and strengthen your body.

"Cause I want to stay healthy." Karri Montero (9) Photo | Althea Santos

*Kings of the Sea*

# Maritime

Maritime is an awesome class for students to take as an elective in high school. Many Students can use the skills that they have learned after high school, or some even during. Rick Collins is the teacher of the Maritime course, and he helps students to learn about safety, knot tying, navigation, and other skills for on the water in either a large boat, or a small skiff. Students also get a chance to spend time in the school's boat, the Jack Cotant. This is a unique class that Kayhi students are lucky to enjoy.

*Time to be artistic!*

# Native Arts

Courtesy of Ketchikan Public Library and Ketchikan Museums

Debbie McLavey is the teacher of the native art class which is during the first four periods. Her classes are pretty small, which is an advantage for both the students and the teacher. The students will have more one-on-one time to ask the teacher for the help or any additional information. As for the teacher, she can really focus on students individually and maybe even move at a faster pace. Native art is a great class to take, so if you are interested, then you should definitely give it a try! Nina Lacroix (11) says, "It's a way to learn more about the native culture and it's also a way for me to actually make things that I could bring home as a souvenir."

*Let's eat! Shall we?*

# Culinary

Our school offers pre-culinary, culinary, and advanced culinary. These classes are being taught by Doug Edwards, who has been teaching for many years. He provides us with delicious food every day with the help of his students! Pre-culinary does more of the basic stuff such as preparing the salad bar for lunch, culinary usually cooks the lunches that Mr. Edwards sells, and advanced culinary is his zero hour class that cooks breakfast that students can purchase in the morning or at nutrition break. You definitely won't miss the smell of food because Mr. Edwards fills the whole school with the aroma of yummy food!

## Drawing & Painting

# Ready, Set, Draw!

Not every class can learn and have fun at the same time! The Drawing & Painting class is not only a great way to express and further your skills, but also to have a grand ole time in. Mrs Kern teaches the students how to grow to their full potential as an artist by letting students explore different types of media. Junior Taylor Moody says "Mrs Kern has helped me become the artist I am today."

## Sculpture & Pottery Create, Inspire

Kiwy Bryce (10) and Lawrence Carson (11) Photo | Alex Boegler

Here at Kayhi, students have the opportunity to take Sculpture & Pottery. Mrs. Kern is the dedicated leader of this class. She is always challenging students to try their best and to push their limits. Sophomore Melinda Guerrero says, "Mrs. Kern is always very encouraging and willing to help you create to the best of your ability." In this class students have the chance to dabble in sculpture, mosaics, and even get to use the pottery wheel.

# Students learn how to draft and build buildings Drafting Fun

Students in drafting learn how to communicate ideas through drawings.

Students learn to create this drawings in both two dimensions, and 3D. Programs used include SolidWorks, Sketchup, and AutoCAD. As part of class they often are given design challenges that allow them to work creatively to design the best solution. We also have a 3D printer that is used to create prototypes of the students creations. McKenna Kimble says that, "I have learned more about CAD systems and just how to dimesion things to relate them to real life." If drafting sounds like your type of class then take it next year.

## Students learn how to do some welding **Molten Metal**

Students in welding learn about various welding processes including Stick (SMAW), Wire Feed (MIG), TIG, and Oxy-fuel. They practice the skills needed to get nationally recognized certifications, and to get employed in the manufacturing and construction fields. Arik Huddleston (11) says that, "I like how it teaches students practical skills for when they get out of high school." In welding you can bend, melt and shape metal when taking this class. Stephen Thompson (10) says that, "Welding is a really fun and exciting experience." Taking this class requires you to learn all the safety that comes with it and practicing a lot.

# Small Engines *Vroom Vroom*

In the small engines class Mr. McClennan teaches the students how to take apart, fix, and work small engines. "Taking this class I think will help with necessary needs when it comes to fixing household items in the future or even now. After taking this class you can take the auto class which will teach you more about cars and trucks which I think everyone should know how to fix or at least maintain them by themselves." - Drew Pihlman (10)

"I am taking this class because auto shop seems like a career that I would enjoy in the future."- Brendan Burton.

Joseph Harris (12) and Gerik Heitman fixing a truck  
Photo| Natasha Bolshakoff

Can we fix it? Yes we can!

# Automotive

The Automotive class is full of a bunch of energetic people ready to work. "In the General Service Technician 2 class we do repairs on paying customers vehicles and we bring in our own vehicles to do repairs on also." said senior Brian McClennan.

## Woodworking & Building Construction

# Build On...

Students in Woodworking and Building Construction classes have the opportunity to learn basic woodworking skills and the ins and outs of the construction trade at the experienced feet of Mr. Zenge. Students learn the basics like safety, wood characteristics, and tool and equipment use before moving into more advanced content like project design. Junior Rachel Winburn says she loves the class and “It’s a good opportunity and learning experience to make things with your hands.” Any way you measure it, a construction class without any lost appendages is a success

Students learn about computers

# Technology

Computer Tech is a class taught by Todd Henke. It focuses on teaching students about the hardware and software of computers.

Students prepare for an industry-recognized test called the A+ exam. They also get to tear down and build computers, troubleshoot software, and learn a little about coding.

Students are also learning proper drone flight techniques. This is an up-an-coming industry with new regulations and rapid employment growth. Much of the hardware and programming that is involved with the professional drones are very similar to what is being taught the other days in Computer Tech.

Students learn their terms

# Voc Med

Zara Nesbitt is the instructor for vocational medicine and has been teaching at Kayhi for three years now. Medical Terminology is a very interactive class of learning medical terminology by learning anatomy and physiology. It is a college class in which one can receive three UAS credits for \$75. Students make many models and do innovative review games for the large load of memorizing that occurs. There are volunteer opportunities at the health fair in November where students take blood pressures, heights, weights, and BMIs for folks in the community getting blood work done. At the moment, the class is involved in job shadowing at various medical facilities from Monday-Thursday. They meet in class on Fridays for a talk with different medical professionals so they can learn from them. So far, they have learned about pharmacists, physician's assistants, nurse practitioners, the UAS Nursing Professor Joe, medical technologists, nurses, radiologists, surgeons, EMT's, travel and flight nurses. In April, the Friday talks will morph into skill learning. Medical professionals will teach students how to suture on real flesh, learn how to make and put a cast on, start IV's and do phlebotomy (draw blood). There is quite a bit of effort required on the student's end and it takes a real commitment to keep the grade required to do the job shadowing, but it is a rewarding feeling.

1976 - 2015

Jeffrey R. Shelton, son of Robert H. and Elizabeth B. Shelton, died in British Columbia returning home to Ketchikan, Alaska. He was currently teaching at Ketchikan High School. Jeffrey was the coach of the 2015 Kayhi football team and taught automotive/small engines class. He is survived by his beloved wife, Shayla and their children: Emma, Joseph, Anna, Kiera, James, and Porter.

# *A Day at the Beach* **Senior Float**

The graduating seniors of 2016 put together a great float this Fourth of July. There was music, bubbles, and lots of beach stuff.

Lora Starr said, "I really liked seeing all the people I knew in the crowd." Mo Bullock said, "The set up for the float was the best part. People brought pizza and it was just the first time everyone got to hang out before school started."

The music was loud and people were cheering. It felt good to finally be the top dogs of the school now that they were officially seniors.

## Kayhi seniors walk through Seniors Pride

The seniors of Ketchikan High school wear white (class color) as they walk through the doors of the auditorium to show how much pride they have for their class which consists of 133 students. Emma Jones was asked what advice she had for the incoming freshmen and she said, "Get most of your credits done ASAP so your senior year is as easy as you can make it." We wanted to hear it from a different perspective so we asked Ashly Thompson and she responded with, "Don't mess around because once you get to your senior year and applying to colleges you'll regret it!" There you go freshmen, some advice from the seniors. Seniors, make this last year of high school a memorable one. Go class of 2016!

Senior Walk-In by Camille Cadiante

Come play games here in Kayhi!

# Kayhi Carnival

Senior carnival is back! The seniors put on a fantastic carnival for everyone and they all had fun hosting it. After three years of attending and playing the games, now hosting the games, Michael Melita says, "Seeing these kids where I was a few years back felt like a new experience. Hosting the Carnival is way more fun because you're the one bringing the smiles." Senior carnival has been a tradition for a long time. With the help of a few juniors it turned out to be a blast! Junior Melody Jacksch who dressed as Elsa from Frozen says, "Let it go!" then quickly adds, "Just kidding, but it was great to see all the kids' faces when they saw Elsa and to just let it go and have fun helping my senior friends." The senior carnival has been great we hope to see more amazing things at the times go by.

# Looking back on the times Remember...

...When you did that one thing with that one person? Yeah, that was a heck of a time. Our favorite and worst memories stick with us forever it seems. Memories from playing outside with your best friend, to falling and breaking your leg, you can always recall that moment.

Sarah Cool (12) said, "One memory that stuck with me was that I always beat the boys in sports."

Kaileigh Krosse (12) said her favorite childhood memory was "not knowing about taxes." We will make new memories, but memories like these can never be replaced.

MacKenzie Handcock, Kenneth Johnson, and Immanuel Pankow after 8th grade continuation *Photo: Unknown*

## Most Embarrassing Moments

Remember and I were paddle boarding. There was no lifeguard 'cause he was helping some dumb girl who fell out of her kayak. So we carried the boat through the leech infested waters trying to get it to shore. After we got it there, we started walking away when the boat started to wistfully float away back to the water and we unknowingly walked away and so did our boat!

Elizabeth Vossen

In the 8th grade our whole Kanayama group had to show our Minamo dance to the whole school and they played the wrong music and we messed up really bad! - Kaileigh Krosse

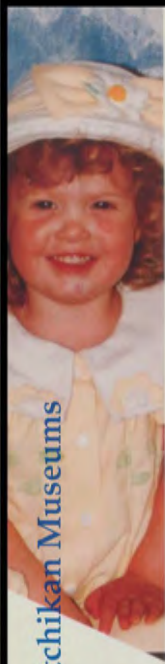

When I was a child I would crawl on all fours out on my deck and bark at my neighbors while I was naked.

Kaia Michalsen

My entire life

## Joseph Harris

# Zybrylle M. Quuluruq Gage

Daughter, we feel like everything in our lives has led us to you.... Our choices, heartbreaks, and regrets. Everything. And when we're together, the past seems worth it. Because if we had done one thing differently, we may never have met you and you were worth every minute of it....

*"I am convinced of this: Good done anywhere is good done everywhere. For a change, start by speaking to people rather than walking by them like they're stones that don't matter. As long as your breathing, it's never too late to do some good." —Maya Angelou.*

# Luke Jones

Keep on kickin'  
Luke!  
We love you.  
Mom & Dad

# Bernadette Franulovich

Bernadette Rae Franulovich. Yep, it's a big name, a challenge from the very beginning. You have met the challenges life has given you with enthusiasm, determination, and grace. Continue to meet each challenge with that "Delta do it!" determination! We love you Bern! "Live as if you were to die tomorrow. Learn as if you were to live forever."  
-Ghandi

# chandlet menzies

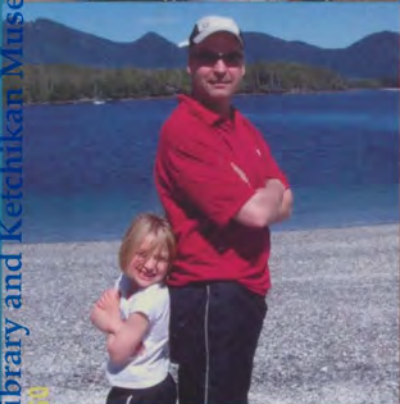

# Tiara Manalo

What happened to you!  
You used to be so  
cute now you're ugly!  
Just kidding! I love you  
to the moon and back.

austin  
williams

# Alexis Biggerstaff

## Trevor Wutzke

Congratulations grandson, Papa and Grandma will be there for you as you aspire to great things.

Congratulations!  
You'll always be our baby girl!  
We love you.

**Leesa Murphy**

**Sky**

**McInturff**

**Nedalyn Gonzales**

Dar Dar - You are the best daughter.  
Thank you for being you. We love you  
so much.

Love,  
Mom, Dad, Neil, and Roxy.

# Alec Leighton

Alec, we are so proud of you! Can't wait to see your novel on the bookstands!  
We love you! Dad, Penny, and James

# Mackenzie Hancock

Your family is very proud of you!

# Jacob

# Shay

# Charley Edwardson

We are so proud of you Charley Marie, and love you very much. Mom, Dad, Tory, Jamie and Alexis.

# Leo Jackson

*"A watched bloomer never blooms." We will miss watching you Leo! Love Mom, Dad, Grace, Sam - 3 Grandparents, 19 Aunts and Uncles and 37 1st Cousins and a bazzillion others.*

*Great job #1 Grandson! We are so proud of you. Love always, Grandma Twila.*

*We are so proud that our baby is  
graduate now! We know that you  
can achieve whatever you want in  
life. All you got to do is believe that  
you can. Happy graduation day!*

Ariane  
Manuel

*Congratulations Kenny.  
We are proud of you!*

Kenny Johnson

# Natasha Bolshkaoff

Go confidently  
in the  
direction of  
your dreams,  
live the  
life you've  
imagined.  
Love, Mom and  
Dad

# Jacob Avila

Jake- You have been my motivation since the day  
you were born. I'm so proud of the young man you've  
become.  
Love, Dad, Elizabeth, Sarkar

# Sarah Cool

May your  
wonders  
never cease.

# nicole fabros

To our dearest daughter Nicole,  
Congratulations on your graduation!  
We're thrilled to be celebrating  
with you as you move onto your  
next journey! We're very proud of  
you and we love you very much!

Love, Mom and Dad
