In 2019 the Kayhi Cross Country team had another great season. The team was dedicated to making the most of this year. For regular season meets the team traveled to Petersburg, Sitka, and Metlakatla. They sent a total of 14 runners to regions in Juneau and 5 Kayhi kids placed high enough to qualify for state championships.

Senior captain Jon Barron stated “This year resulted in many new members, PR’s, and memories that’ll last a lifetime.”

Kings rocked this season finishing with the record of 6-2. Having the program being nearly shut down after a winless season last year that only motivated the players. Moving down to Division III the Kings became one of the top contenders for the State Championship. Their momentum was at their greatest when they defeated the defending state champs, the Barrow Whalers on their home turf where they hadn't lost for two years. For the first time in Kayhi history the Kings made the playoffs. Although the Kings lost in the playoffs they had one of their best seasons since 2014 finishing 2nd in their conference. -Renzie Lorenzo & Crist Carlson
**Year Recap**

At the start of the Swim and Dive 2018 season our team was filled with a large amount of inexperienced swimmers. With dedication and practice of the entire team, so much progress was made. This season many swimmers gave a shot at diving and had more progress than they thought possible. At the Region 5 swim meet we took home the Sportsmanship award for at least the 5th year in a row! There were two swimmers and one diver that made it to State Championships this year in Anchorage.

The best feeling while playing volleyball is, blocking the hardest TM players hit.
-Louise Peterson (12)

“Throughout the entire season, from the beginning to end, the players I had the privilege of playing with were girls who are made it all be worth it in end. Sure every team has it’s ups and downs, but we worked through and played the game because that’s what we came together to do. Being Varsity Team Captain, a key representative of our Kayhi Volleyball team was another privilege I had the honor of taking, which made me come to realize how much I love the game. Volleyball has taught me that you shouldn’t give up your passion once it has become apart of your everyday life. There have been amazing opportunities experienced from being in competitions, to playing in a small schools tournament. I am very excited to come back to the game I love next year, as a proud senior. Let’s go lady kings volleyball!” - Madison Purcell (11)

KAYHI WRESTLING

This year’s wrestling season was one for the books! The boys won their eleventh consecutive Regions title, with ten individual Regional champions. Matthew Rodriguez (12) was named ‘Most Outstanding Wrestler’ for Southeast Alaska, and Sully Schultz (11) and Gabe Tabb (10) were awarded ‘Good Sport’ winners for the tournament. The girls team also improved immensely, winning second place at Regions, sending four girls to state including Louisse Bueno (10), Hayley Gilson (9), Ruby McCue (9) and Ada Odden (9). Go Kings!
STATE WRESTLING

This year the team sent a total of seventeen wrestlers to State, with a total of thirteen boys and four girls. Patrick Rauwolf (12) and Degan Linne (9) both placed third at the Tournament, and both Brandon Weiber (12) and Andy Collins (10) placed fifth in the tournament. There were lots of close matches earlier in the tournament that prevented some good wrestlers from advancing further. Senior Brayden Linne was ranked 1st going into the tournament but unfortunately wasn’t able to compete due to an ankle injury. “I am very proud of the team this year, after losing 20 seniors from last year, the team did great. I will be sad to see this group of seniors go. I have been coaching Matthew, Brayden, and Patrick since Kindergarten.” –Coach Rick Collins.

The Kayhi Cheer team begins their season and hits the ground running. The first week of the season starts with the annual Boys Basketball fundraiser, Meet the Kings, then doesn’t slow down until the season’s over. With determination and working well together, the stunt groups hold real lives in their hands. From weekend basketball games to early morning practices the KHS Cheer team works hard throughout the Winter to “Give em the Fin’ and win a Regions title. This year the cheer team WON 1ST PLACE in the 4A Cheer Competition. The team traveled to Anchorage to compete for a State Title and WON 1ST PLACE in the Division 1 Cheer Tournament!

The K-Highlites Dance Team encounters it all during their nine month season. This year, the team traveled to Palm Desert, California for a dance camp. They earned a Superior rating and took home the overall Leadership Award, starting off the year with a bang. Over the course of the season they perform at Football Games, Pep Assemblies, Wrestling, and Basketball Games. At each event they perform one of their six routines; including Football, 'Two Step', Pom, Hip-Hop, Jazz, and 'Footloose'. Aside from just dancing the team participates in an assortment of activities outside of practice, such as volunteering, dance team dates, and just hanging out as a team. The team also traveled to Regions to compete for a Superior rating from a panel of judges and earned their eighth consecutive Superior Rating! Overall making the year one to remember!

Kayhi Kings Basketball is a huge part of Ketchikan High School. This year the Lady Kings struggled at the beginning of the season losing a key player, Payton Simmons (12) to an ACL injury. Facing these adversities lit a fire in the Lady Kings. Despite the odds, this group of ladies won their 6th CONSECUTIVE REGION TITLE! The Varsity team of 3 Seniors, 2 Juniors, 2 Sophomores, and 5 Freshman practiced everyday after school to fight for yet another win. We can’t wait for another great season. GO KINGS!

The Kayhi Kings started the year with their sights set on a season that would make their supporters proud. Throughout the year the team exceeded expectation after expectation and ended the season as State Champions. The team started off 5-1, went through a rough patch in January going 3-6, and won 13 out of their 14 final games, overall ending their season with a record of 23-8. Although at times it came close, the team took first place in the Clarke Cochrane Tournament, the Region V Tournament, and the State Championship, for the first time in 45 years!

Ultimately, the dream team consisting of eight seniors, three juniors, two sophomores, and one freshman, came out on top. “This is the last time I’ll play with these guys,” Chris Lee said. “It meant the world to us to get this game”, said Chris after winning the State Title. Although there has been some talented teams in the past, this year’s team came together as one like never before to make Kayhi and Ketchikan proud, and to make history as State Champs. GO KINGS!
Clarke Cochran Christmas Classic

The CCCC is an annual Tournament held by Ketchikan High School. It is three days long and features teams from all throughout Alaska as well as some from the West Coast. This year the Kayhi Lady Kings took third place in the tournament, after playing some tough teams from California, The Kayhi Boys Basketball Team placed first in the tournament after playing Lewis & Clark! It was a game filled with heart, but the Kings wanted it more and they took home the win. The Pep Band also played their hearts out at this Tournament, adding an extra layer of Kayhi Spirit to the festive CCCC. The K-Highlites Dance Team also debuted each of their routines at the half-times. Overall it was a great holiday tradition for the town and for the Kings!
The Annual Region V Tournament was hosted by Mt. Edgecumbe High School in Sitka, Alaska this year. You could say Kayhi made a showing. In the first game of the Tournament the Kayhi Lady Kings had fans on the edge of their seats in a game that had Kayhi down by two points with seconds left in the game. Senior Ashley Huffine made the pass to freshman Shaelynn Mendoza who shot the buzzer beating three pointer to advance Kayhi in the tournament that the Lady Kings would later win against rival Juneau Douglas, claiming their sixth consecutive Regions Title. The Kayhi Boys Basketball team entered the Tournament as the 1st seed and won both of their two games against Juneau Douglas to claim the Region Title as well. The K-Highlites Dance Team kept the streak going Saturday morning at the Dance Team Adjudication when they earned a Superior Rating for the eighth year in a row! The Kayhi Cheer & Stunt team tied it all up in a bow when they earned first place in the Cheerleading portion of the Tournament, announced at the Saturday evening awards ceremony. Overall, this year’s Southeast Regions was one that will remain in the memories of Kayhi fans for years to come!

Every year, ASAA hosts the State basketball and cheer championship in March. This year Kayhi worked hard to gain a trip to Anchorage and fight for the State Title. Both boys and girls basketball teams, the cheer and stunt team competed and Kayhi returned home with TWO STATE TITLES! On the first day of the Tournament the cheer portion of the competition took place. After each team participated in a “Game Day Simulation” they performed their choreographed routine. At the end of Day 1 the rankings were announced. When asked if the Region V Champion cheerleaders expected to win at State, Senior and Captain Maya Parker (12) said, “Well when they announced JD as second place I kind of had a feeling, the competition was between us and Juneau.” And sure enough, the Kayhi Cheer and Stunt team brought home the first State Title in nine years. The boys basketball team was seeded number 8 and shocked everyone in the first round when they defeated the number 1 seed, East Anchorage. The Kings continued to fight throughout the tourney as they moved on to play against these Interior Alaska teams. In Game 2 they battled back to defeat the Soldotna Stars, earning the Kings a spot in the State Championship game for the first time in 47 years! The Championship game was scheduled against frequent State Champions, the Dimond Lynx. The Kings knew to win they would have to give it everything they had, and from the half court buzzer beater by Chris Lee (11), to the crucial three pointer made by Kristian Pihl (11) with seconds left in the game, the team played as one to earn the title as STATE CHAMPIONS!

MAXIMILLANO GONZALEZ

"OH HECK NO" - Max’s mom upon finding out he was coming to Alaska. Max, however was nothing but excited. Since his arrival in August he has enjoyed fishing, hiking, spending time with all of his dogs and friends, and crossed one major item off his bucket list - building a snowman. Although he misses his friends, family, and the food from back home; he likes Alaskan salmon and crab. When asked what he’ll miss most from Alaska he simply answered the views, and the people he’s met.

BERTILLE GAUTRON
@bebert303
Niort, France

Berti initially imagined the United States, she pictured lots of fast food and big trucks however, she soon found that Alaska is much different from the continental U.S. She misses the bread from home but has liked her host families and having this new American life. Some highlights of her year were participating in Wearable Arts, Prom, and going to Mexico. When she goes home she says she’s gonna miss drive through coffee stands and all the people who have made her exchange great.
Academic Decathlon (AcDc) is all about learning new things and competing with others through tests of your knowledge and skills. The ten events in the Academic Decathlon are Art, Economics, Essay, Interview, Literature, Mathematics, Music, Science, Social Science, and Speech. Every year there's a new theme that the learning material in most of the events will follow, and this year the theme was the 1960's. Last year's AcDc team won Kayhi's first-ever State Championship and went on to win the Division III USAD National Championship, so this year's team had a big act to follow. The team competed against Craig and Juneau-Douglas high schools in two regional meets in December and January, and they will compete in the State Tournament in Anchorage in February.

4 - The ACDC state team.

What's different this year?
Well, for starters the topic. But this year, the team is much newer and doesn't have the same energy and drive as the team last year. That doesn't mean that we won't work hard.
-Andrea Short (12)

Besides the new topic, the team was a complete different experience for me this year. It's safe to say that every year is different, but it was definitely something noticeable.

Your favorite part of this season?
When we played an interactive video game it was so much fun, and there was so many of us playing together!
-Trinity Perkins (9)

My favorite memory of AcDc was the experience of my first meet, the feeling of accomplishment from competing, the tests I scored high on, and the other activities separate from AcDc that I got to do with my free time.
-Matthew Hutt (9)
Drama, Debate, and Forensics is an activity that is based almost entirely on public speaking. With an array of different events, from acting in dramatic interpretation, duet acting, or reader’s theater, to speaking off the cuff in extemporaneous speaking, or with a written speech like in original oration. Many students also compete in public forum debate which centers on a monthly, national topic and requires the students to research, deliver speeches, and directly debate their opponents. The Kayhi DDF team had a great year, with two teams making it to the final debate, and continually placing highly in all of our events. Because of this success, the team is bringing many of the competitors to the state competition, with 14 Kayhi students earning their spot to compete against the best from across Alaska.

The Team: Ethan Thomas, Bella Roberts, Braxton Zink, Nicole West, Raevyn Goodson, Abby Gaugler, Erin Shea, Brendan Roof, Evelyn Staples, Henry Clark, Jacob King, Savannah Nieshe, Anne Coss, Tristan Dahl, Dametre Martin, Lucas Chernick, Seth Chernick, Carter Thomas, Jackson Kaye, Jared Valentine, Chris Brown.

Coached by Mrs. Landwehr, the NOSB team channels their inner Oceanographers and Marine Biologists for the State competition located in Seward every year. The team of five junior girls works together in the three part competition consisting of first a fifteen page research paper due in December, a presentation of the paper to a panel of scientists, and finally a fast paced buzzer style quiz bowl! The team placed fifth in paper, sixth in presentation, and first overall.

After a fierce championship battle with Cordova’s “Photosynthe Sistahs”, Ketchikan’s team pulled out on top making Ketchikan NOSB team history and becoming first in the state. Next they’ll travel to Washington, DC to compete in the National Competition.

The High School E-Sports club made its way to Kayhi this year. E-Sports is competitive video game tournaments with an emphasis on teamwork and building future opportunities. They compete online with other schools from across the country. They do this in a variety of games with our main three being Rainbow Six Siege, Rocket League, and League of Legends. The top 8 teams of the game compete with a scholarship on the line. The end goal of this club is to get students connected to college recruiters through the head organization as well as earning scholarships for those good enough to earn them.

Theatre Club

Theatre Club is back in its third year. There are 20 unique students who have come to meetings, with a steady 15 who show up to each meeting. This is our most ambitious year yet. We have mixed Dinner Theatre with Interactive Theatre in the show, "Once Upon A Murder, a Fairytale Whodunnit" in November. And in February we will do more traditional style theatre with the play "She Kills Monsters." Each meeting is started with physical and vocal warm-ups, and then we move to improvisational games. The rest of the time we read plays out loud, or work on public speaking by giving famous speeches. We also are learning, set building and design, how to costume, stage lighting, stage makeup, and prop making. In the beginning we only met for an hour, but we kept going over, so then we moved to 1.5 hours, and class would end and students would say "I don't want to go, I want to stay here and read more parts." While prep-ping for a play we are at two hours a day. We love it.

The 2018-19 Williawaw staff was the biggest its been in years. We had a total of 20 students in the class that spent the year committed to making this yearbook one of the best to look back at. As a team we created the theme “Keeping up with the Kings”. Adviser of the class this year was the awesome Mrs. Allegra Machado, Senior Editors were Maya Parker and Lizzie Porter. We spent the entire year designing the pages and creating this memory book for the students and staff of Kayhi to enjoy. Countless hours are spent by the hard working staff taking pictures, editing, interviewing, and designing. It’s big work but a lot of fun. “I enjoyed my four years of taking photos for the Yearbook and spending the many hours to make it, I’m going to miss doing yearbook very much when I graduate. Thanks for the memories.” explains Senior Lizzie Porter.

Journalism is a year long English class for juniors and seniors. In this class, however, the 5 paragraph essay methods do not apply. In Journalism, kids will report the news, write columns, features, and other forms of journalistic writing. The class consists of Journalism I and II students, the Journalism I consisting of beginning students learning to write copy, and Journalism II made up of people who have already taken the class and are willing to help the rest of the class with editing and revising articles.

Tribal Scholars

Tribal Scholars is an advanced education program for that's open for all native high school students. It offers a supportive, engaging, and culturally-enriched educational alternative schooling. This school year, the Tribal Scholars attended the Elders & Youth Conference and the AFN Convention in Anchorage, and helped with the ANB/ANS Grand Camp event in Ketchikan. The students have had lessons in Lingít (Tlingit), Xaad Kil (Haida), and Shm’algyack (Tsimshian) throughout the year. They studied personal finance, algebra, the scary stories of Roald Dahl, horror fiction, government, Native history, Black history, environmental science, and marine biology. The University of Alaska Southeast CNA certification program is brand new to Kayhi as of 2018. Twelve spots are offered for students interested in working in or learning about the medical field. Students learn about and practice the foundations of medical caregiving for elderly and critical care patients in hospitals and nursing homes. The skills they learn include helping patients with personal hygiene, transferring disabled patients, and feeding those who are unable to feed themselves. Students aged eighteen will take the State Boards in April and hopefully then become certified by the state of Alaska.
The Medical Terminology (Med Terms) class is intended for juniors and seniors (priority to seniors) who meet GPA and prerequisite expectations and who have an interest in entering the medical field. The class studies the terminologies associated with all body systems, which include approximately 1200 Latin-based terms. Med Terms is a yearlong course and earns 1 high school credit, however Ketchikan High School works in cooperation with UAS to offer students 3 college-level credits as well. During the second semester, students may enter into the "Job Shadowing Program" which gives them the opportunity to spend time observing and participating in various departments within Ketchikan Hospital and several other medical clinics within the Ketchikan community.

The class is typically visited by several medical guests and instructors throughout the year. This year, the students became CPR and First Aid certified, and many volunteered at the Ketchikan Health Fair. Many of the students are also currently enrolled and participating in the CNA (nursing) program through UAS as well.
Educators Rising is a class that prepares high school students to become future teachers. They compete in State and at Nationals against 700 other students from all over the United States. Gabriel Cruz (12), Alyssa Howard (12), Jhasen Seludo (10), Anna Shelton (9), Ellie Carter (11) and Karri Montero (12) are all going to state. Senior Karri Montero has gone to Nationals twice. Maritime is a class for marine safety and seamanship. This fun class is filled with mapping, wet suits and all things navigation. They get to learn how to tie, rope, and splice. They also get to learn rescue tactics and what to do in case of any emergency on the water. Ask any of the people in this class, there’s nothing better than being down at the dock, out on the school’s boat on a nice day. All thanks to Mr. Rick Collins, he makes sure his students are happy, safe, and most of all learning tons.
Jazz band is an advanced class for musicians who want to take their musical learning to the next level. The class takes place during zero hour and an audition and director's approval is required before students can enroll in the class. Members of the group focus on jazz, rock and other genres of music.

Kayhi Culinary is a class for students to learn how to be chefs. They learn how to measure ingredients, and how to cook different food from all over the world. Ms. Cameo McRoberts, chef extraordinaire is making this culinary year a great comeback success!
Drawing and Painting may seem like your typical art class, but it is so much more than that. Students are always being introduced to many new techniques and will learn a brief history of art from their wonderful teacher, Mrs. Kern. Students learn a wide range of artistic techniques, from portrait drawing, to making prints, to drawing a cityscape.

Sculpture and Pottery is another elective taught by Mrs. Kern here at Kayhi. In this class, students learn the basics of how to manipulate clay on and off of the potter's wheel, along with many other projects, like a mask, or a plaster mold, or even a glass mosaic. Students who have taken this class before are free to make whatever their heart desires, whether it be made with pottery, clay, plaster, or anything else that is offered.
The Library is a great place to get all of the knowledge and facts you need. They have an assortment of computers that you can use at your disposal, as well as thousands of books, ranging from history, to poetry, to romance. If you still can’t find a book, you can ask one of the librarians for a recommendation. The Library is also a great place to meet and hang out with friends - as long as you aren’t too loud!
This course is designed to give you the skills and knowledge needed to perform basic welding operations using the Oxy-Acetylene Welding (OAW), Shielded Metal Arc Welding (SMAW) or Arc (stick welding), Gas Metal Arc Welding (GMAW) or MIG processes. Plasma Cutting and Oxy-Acetylene flame cutting will also be covered. General information on metals and other commonly used welding processes will be covered as lecture topics. Taught by Mr. Lindquist, Welding is a great class to get you started towards an awesome career!
Small Engines

Small Engines is an elective at Kayhi. This is the introductory class for anybody interested in cars, by servicing many small engines (no pun intended), like dirt bikes, lawnmowers, and even motorcycles. This is one of the many classes that Kayhi offers that will also help with the building blocks of getting a job in the automotive field. This is a very popular class with the Freshmen, but anybody can take it. This class is also required to advance into the Automotive Class.

Woodworking and Building Construction are two of the most hands-on CTE Electives offered at Kayhi. Taught by Mr. David Lindquist. These classes take our students back to learning about one of Ketchikan's root industries, Timber.

Woodworking provides students a fun creative educational experience working on different projects such as sconces, stools, and boxes, while Building Construction teaches the backbone of construction modeling and procedure to prepare them for future careers.

This year Computer Technology class is focusing on programming, specifically game programming. During first semester they worked on learning Javascript programming language with the help of an online internet resource called Code Avengers. They learned about how to create lines of code to accomplish many different tasks including specific lessons that focus on game development and creating simple games. Second semester will focus on using a game engine. Game engines make coding games easier so programmers don’t have to worry about things like how objects collide, or making sure gravity is applied correctly to objects in the game, and many other features of real life physics. They will use the game engine Godot 3, which is similar to Unity or Unreal Engine. They will create some simple games and be able to play them.

Congratulations Bung! Your brother and I are so proud of you. Right from when you were a little girl and still today, you have only given us reasons to hold our heads up in pride. Can’t wait to watch you shine as you enter the next chapter of your life. We love you, Mom & Drake

Wherever your dreams take you, just know we LOVE you and we are always here for you. You have given us so many reasons to be proud of the women you have become. The proudest moment for us is telling others that you are our daughter. We wish and pray that many steps to success come your way.

May God bless you always.
Love, Mom, Dad, Ykka, Casey, Karl

You will always be our Preemie & Washington Baby, and the lefty in the family. We are Proud of the young man you have become. Praying that God will always guide you wherever life will take you. Again your family will always be proud, and love you unconditionally.
My Sweet Gargoyle, wherever life takes you, there are some things you must always remember. You are braver than you believe, stronger than you seem and smarter than you think. The most important thing is that even if we are apart, I will always be with you. You are always in my heart. Learn Lots! Love, Mom

We love you and we are so proud of you. Love Grandma & Grandpa

We love you so very much Kaylee, and we are so proud to be your parents. Uncle and Grandma are smiling down from heaven. XOXO
